PACT NATIONS SET UP PERMANENT COMMAND

Rent Control Bill Wins Approval 13-4

Year More Provided; House Now Must Vote Final Passage

WASHINGTON, May 18—(AP)—The House banking committee voted 13 to 4 today for another year of federal rent control.

The bill provides, however, that controls will end December 31 in cities that do not vote to continue them until June 30, 1951.

The present rent control law expires at the end of next month. The committee's action sends its bill to the House. The measure, sponsored by Chairman Spence (D-Ky.), has these main provisions:

1. Continuation of the federal control powers to June 30, 1951.
2. Increased "local option" provisions whereby localities can determine whether they want further controls. A city would have the power at any time to vote out controls. Once taken off, no rent ceilings could be reimposed in a particular locality.

3. Rent controls to end automatically December 31 in localities where the local governing body or the people in referendum do not decide to continue the controls to June 30, 1951.

Governors of the various states would have no authority to veto the action of cities taking themselves out from under the federal rent ceilings.

President Truman asked for a renewal of the rent law in a special message to Congress April 21. He said "a sudden and simultaneous removal of rent controls on a national scale would precipitate a wave of exorbitant rent increase."

Mr. Truman also argued that rent increases would mean the average family would have to cut its spending for food and clothing. He said that would lead to unemployment.

Labor groups also campaigned strongly for continuation of controls.

Spokesmen for the CIO and A. F. of L. told the committee yesterday that if controls were dropped labor certainly would ask for a new round of wage increases.

Mr. Truman said that controls are now being dropped gradually. He estimated that by June 30, only 8,000,000 rental units would be under rent ceilings. This compares with a total of 16,000,000 units controlled in 1946.

Added Opposition Balks Reorganization

WASHINGTON, May 18—(AP)—New reorganization headaches piled up today for President Truman's Senate forces, already four-time losers in efforts to ward off attacks on his plans for revising federal agencies.

Senator Holland (D-Fla.) disclosed he might call up a vote during the day a resolution to kill the controversial plan giving the Secretary of Agriculture power to reorganize his department.

Another plan calling for changes in the Labor department was up for action in the house. Johnson rolled up his double triumph yesterday when the Senate killed the Interstate Commerce and Federal Communication commission plans. The votes were 66 to 13 and 50 to 23, respectively.

Two other plans—to eliminate the office of National Labor Relations Board general counsel, and to place the Controller of Currency under the Secretary of Treasury—were junked by the Senate last week.

HEADING FOR HOME—Wearing wide grins, Marine Sgt. Elmer C. Bender, of Cincinnati, O., and Navy Chief Petty Officer William C. Smith, of Long Beach, Calif., are pictured at Hong Kong following 19 months of captivity by Chinese Reds. They have been taken to Pearl Harbor for questioning by intelligence officers before being sent home.

Airmen To Tell Story Of Red Imprisonment

PEARL HARBOR, May 18—(AP)—The Navy promised to lift its Aloha curtain today and let two American airmen tell the story of their 18 months as Chinese Communist prisoners.

The airmen—Marine Master Sgt. Elmer C. Bender of Cincinnati and Navy Chief Electrician's Mate William C. Smith of Long Beach, Calif.—arrived here Tuesday night after a 5,000 mile rush flight from China.

For eight minutes the Navy permitted photographers' flash-bulbs to pop. But it wouldn't allow newsmen close enough even to ask Smith where he got his Hawaiian shirt.

Then it dropped the Aloha curtain. That's the Hawaiian style "Iron Curtain" but composed only of goodwill, the Navy said.

"What we're doing now is trying to untangle everything," a Navy spokesman explained. "So when they hit the mainland, we can tell them, 'boys, have a good time. You're on your own.'"

Marjorie Lutsch Takes Lead In Queen Contest

Marjorie Lutsch of 905 Arch st. has taken the lead in the balloting for Salem's SPIC Chick, replacing Dorothy Barrickman, who led in the early stages of the contest.

In third place in the race is the sister of the leader, Mary Lou Lutsch.

Marjorie is a 19-year-old Bliss Co. secretary, with brown hair and eyes. Mary Lou is 21, a brunette, has green eyes and is a dental assistant. Both cast their vote-promoting smiles from way up, as Marjorie is five feet, nine and Mary Lou is six feet, one inch.

Other top candidates for the honorary title which will entitle the winner to prizes worth hundreds of dollars and who will reign over the final month of the Operation SPIC campaign are:

Florence Maier, Sharley Robusch, June Hoskinson, Mrs. Ruth Baughman, Margaret Kupka, Gertrude Butera and Martha Chappell. Many other candidates have been nominated and all are eligible for the final judging next week. The five girls with the most votes at the deadline next Wednesday will appear for personal judging by out-of-town experts.

Votes for the SPIC Chick may be cast by residents who fill out the SPIC form with a description of their home project for Operation SPIC. A space is provided for the SPIC Chick nomination.

A form may be found in today's Salem News (Page 8) and other blanks are available at SPIC headquarters. Candidates selected are requested to bring a recent photograph to the booth.

Thirty-five local merchants are providing prizes for the queen and her court. She will receive dresses, shoes, jewelry, a hair-do, facial, manicure, dinners, home accessories, bags, perfume, dresser set. The list is still growing. Jaycee committeemen, who are in charge of this phase of the operation, reminded residents to send their votes to Box 145 soon, to make sure their votes are credited to their candidate.

Switchmen Threaten Strike Against 10 Midwest Railroads

CHICAGO, May 18—(AP)—Ten Midwestern and Western railroads were threatened today with a strike Tuesday morning by 6,000 switchmen.

The walkout was called last night by the AFL Switchmen's Union of North America in a wage dispute.

Trygve Lie Seeks Meeting With Truman

Will Report In June On Cold War, Talks With Premier Stalin

LAKE SUCCESS, N. Y. May 18—(INS)—Secretary-General Trygve Lie instructed his United Nations headquarters aides today to arrange a meeting for him during the first week of June with President Truman and Dean Acheson for discussion of the cold war and Premier Stalin's views on the East-West dispute.

The U.N. chief said he plans to leave Moscow for Paris by plane early tomorrow (Thursday) evening and will be in New York on the weekend of the outcome of his Kremlin talks.

Lie will proceed to London from Paris for similar conferences with Prime Minister Attlee and Foreign Secretary Bevin. He has changed original plans of his peace mission and will not hurry to confront the Western Big Three foreign ministers and eight other Atlantic Pact diplomats before they leave the British capital.

According to the impression given in an exchange of communications with Lake Success headquarters, Lie appears to feel that nothing constructive can be gained by "high pressuring" the Western powers. He feels his "positive" Kremlin talks can be nursed along to grant more civil liberties in his country.

The loan announced today by the Export-Import Bank was labelled as strictly a business proposition to improve trade between the two countries.

But these authorities said it may also improve chances that the Argentine chief of state will institute some of the political reforms the United States would like to see.

Some support for this view came in a companion announcement issued by Assistant Secretary of State Edward G. Miller, Jr., indicating hope for an end to the strained U-S-Argentine political relations which have existed since the war.

B-29, 16 Aboard, Crashes In Azores

SHREVEPORT, La., May 18—(AP)—A B-29 bomber carrying 16 persons crashed in the Azores with "no survivors," Barksdale Air Force base announced today.

Capt. Salvatore Pelle, Barksdale public information officer, said no high-ranking officers were aboard.

The bomber was enroute to England on a routine training mission when it crashed at 8:59 p. m. last night while landing at the Lages Air Force base, Pelle said.

The plane left here with 11 crewmen and five passengers, probably military personnel. Pelle said all 16 presumably were aboard when the plane crashed.

Princess Determined Doesn't Care If King Won't Allow—Gonna Marry Anyhow

SAN FRANCISCO, May 18—(AP)—Any time now—maybe today, maybe tomorrow—the lovely princess is going to wed her commoner sweetheart before, a Moslem priest—and the furious King of Egypt can make the most of it.

Last night 19-year-old Fathia, beautiful brunette sister of King Farouk at long last received official decrees from Cairo, confirming what she had read in the papers: Her title is lifted; her fortune is impounded; so is the fortune of Queen Mother Nazli; both must return to Egypt within 60 days.

That did it. She promptly told her mother the Moslem wedding to 31-year-old Riad Ghali, secretary to Queen Nazli, is on. The quicker the better.

"Within a couple of days,"

ter settlement of the crippling six-day firemen's strike against five of the nation's carriers. The threatened walkout is not directed against any of the recently struck lines.

Union President Arthur J. Glover said in Washington the strike was set to enforce demands for 48 hours pay for a 40-hour work-week. The union, one of the five operating brotherhoods, was not affected by the 1949 decision by presidential emergency boards giving the 40-hour work week to non-operating workers.

The strike action, Glover said, will be directed against the Chicago Great Western; Chicago, Rock Island and Pacific; Davenport, Rock Island and Northwestern; Denver and Rio Grande Western; Great Northern; Minneapolis and St. Louis; Northern Pacific Terminal Co. of Oregon; St. Paul Union Depot Co.; Sioux City Terminal Railway Co., and Western Pacific Railroad Co.

A spokesman for the Association of Western Railways said switch tenders, yard foremen, yard brakemen and helpers would be affected by the strike. The union, he said, represents about 10 per cent of the men doing this class of work on the nation's carriers. The others—some 90,000—are members of the Brotherhood of Railroad Trainmen.

All mediation machinery under the National (Railway) Labor act has been exhausted, Glover said, and the union was free to call a strike.

As the new rail strike threatened, approval was made of an agreement which ended the strike last Tuesday of 18,000 locomotive firemen against five lines.

The railroads and the Brotherhood of Locomotive Firemen and Enginemen, meeting with the Mediation Board, agreed to select two six-man arbitration boards to hear two issues which had been left unsettled.

The issues are in connection with the employment of firemen on the multiple unit Diesel locomotives and on some 200 small "tea-pot" Diesels in switching service.

Jobless Man Honest, May Get Employment

EAST LIVERPOOL, May 18—Tom Dearing is \$20 richer, he's got more money coming and maybe he'll land a job, all because he happened to glance at the pavement Wednesday.

The unemployed millworker found \$4,000 worth of jewelry—three diamond rings and an emerald-studded platinum wrist-watch that fell from the lap of Sara Gardner as she got out of her car.

The gems had been kicked around in the street for several hours and were mashed by traffic, but Mr. Dearing, who thought at first they were 5 & 10 trinkets, recovered virtually all of the loosened diamonds.

Mr. Dearing returned the gems after reading Mrs. Gardner's want ad in The Review and the owner, grateful at the recovery of the battered jewelry, gave him \$20—all the cash she had at the time—promised him a more substantial reward and will attempt to find him a job.

Rep. Combs (D-Tex) called the suggested cut "grossly inequitable," and said its main benefits would go to stock market speculators and high-bracket taxpayers while those in the lower brackets would suffer.

Rep. Lynch (D-NY) countered by calling the committee action an "excellent" move which would stimulate business and add \$100,000,000 a year to the government's income.

If approved by Congress, the committee recommendation would have this effect:

1. The maximum tax on long-term capital gains would be slashed from the present 25 per cent to 16 per cent.
2. A capital asset would have to be held only three months instead of six—in order for its sale to be considered as either a gain or a loss for income tax purposes.

Dick Wakefield Is Re-instated

But Yankees Say He Won't Be Active

NEW YORK, May 18—(AP)—The New York Yankees announced today they had re-instated Dick Wakefield. The outfielder had been under suspension since April 29 for refusing to report to Chicago after the Yankees had attempted to trade him to the White Sox.

In making the announcement, Arthur (Red) Patterson of the Yankees said the former Detroit Tiger bonus baby, who came to New York last winter in a trade for First Baseman Dick Kryhoski would not return to the Yankees.

"Wakefield will not be asked to play with the Yankees," Patterson said, "some disposition of his case will be announced soon." Patterson hinted that Wakefield would be sent to another club.

The return of Wakefield gives the Yankees 26 eligible players, but the Yankees will be permitted to carry one man over the 25-player limit until Wakefield or some other player is disposed of.

Asked whether the Yankees had re-instated Wakefield on orders from Commissioner A. B. Chandler, Patterson answered, "The Yankees did it pretty much on their own although they discussed the matter with the commissioner."

Who'd Be Helped? House Argues Cut

WASHINGTON, May 18—(AP)—House members disagreed today over whether a proposed tax cut on profits from stock and bond deals would help market speculators more than it would the nation's economy.

The proposal, approved by the House ways and means committee yesterday, would apply to trading in real estate and commodities, as well as to stocks and bonds. The committee's action brought an immediate dispute among its members.

Rep. Combs (D-Tex) called the suggested cut "grossly inequitable," and said its main benefits would go to stock market speculators and high-bracket taxpayers while those in the lower brackets would suffer.

Rep. Lynch (D-NY) countered by calling the committee action an "excellent" move which would stimulate business and add \$100,000,000 a year to the government's income.

Each Nation Has One Deputy; Will Pick Chairman

Development Of Common Defense Force To Be Rushed

LONDON, May 18—(AP)—Atlantic Pact foreign ministers set up a permanent high command tonight and ordered it to develop the armed forces necessary for the defense of Western Europe.

Each of the 12 member foreign ministers will appoint a deputy to serve on the permanent committee.

The appointments will be made "with the least possible delay" so that the deputies can proceed to appoint a full-time chairman from among their members, the foreign ministers announced in a communique at the close of their four-day session.

This was in line with an agreement to set up a high command to block Communism, whether it tries armed attack or "Trojan Horse" conquest.

The communique said: "A year's experience has shown that on the political side the meetings of the council have been too infrequent to permit a sufficient exchange of views on matters of common interest within the scope of the treaty."

"On the military side the strategic concept of the treaty has been adopted and a defense plan drawn up, and the corresponding estimate of the necessary forces is being established."

"The next step is to put these plans into effect by taking further measures in the direction of common defense, the division of financial responsibilities and the adoption and development of the necessary forces."

The communique said the permanent high command will execute policies and be responsible "for formulating issues requiring decisions by the member governments."

The highest priority tasks of the permanent council will be:

1. To coordinate the work of the North Atlantic Council's defense committee, its defense Financial and Economic Committee and all other agencies established under the treaty.
2. Recommend to governments the steps necessary to get coordinated plans into operation for the defense of the North Atlantic area.

Neighbors Plan To Paint Aged Couples' Home

A blind man and his wife, Mr. and Mrs. Andrew Blackburn, of 304 W. Fifth st., who are in their late 70's, will have their house painted May 27 by their neighbors in connection with the Jaycee-sponsored Operation SPIC campaign.

Known as "Operation Neighbor," the gesture is being carried out under the direction of Mrs. Alice Krauss and Mrs. Louis Raymond.

The home will be scraped and painted and the window sills will be repaired. Enough Monard house paint for two coats will be donated by the Arrow Hardware Co.

Mrs. Blackburn supports her husband by baking pies and taking in washing. Their house hasn't been painted in 20 years. Mr. Blackburn has been blind 15 years.

Painters who will volunteer their services are Louis Raymond, John Wilkison, Donald Raymond, Bill Ritchie, Paul Whitton, George Schmid, Leonard Yates, Thomas Bills, William Bailey, Glenn Ritchie, Edward Blackburn.

Preparations for the project have already begun. An appeal for carpenters to do repairs on the home was issued today by Horace K. Schwartz, Operation SPIC chairman.

O'Dwyer Levels At 'Reaction'

Says Fight Is Clear To Keep 'Fair Deal'

CLEVELAND, May 18—(AP)—Vice President Alben W. Barkley and Sen. Herbert H. Lehman (D-NY) today conclude the parade of leading public figures addressing the Amalgamated Clothing Workers biennial convention.

The CIO union's five-day meeting, attended by about 1,500 delegates, ends tomorrow with committee reports and election of officers.

Mayor William O'Dwyer of New York spoke at yesterday's afternoon session, and Secretary of Labor Maurice J. Tobin appeared earlier.

O'Dwyer called on organized labor to prevent scuttling of President Truman's Fair Deal program by "that infamous alliance of reactionary Republicans and Dixiecrats" in Congress.

"This is the time for you to demand that every member of Congress stand up and be counted either for the people or against the people," O'Dwyer declared.

"The battle has been proclaimed, and the issues have been set. It is for us to continue the fight—to continue it on all levels of our national life, local, state and federal, because we cannot afford to let up until we have defeated the Taft-Hartleyites and won a better America for ourselves and your children."

Tobin defended the Truman program against charges of Sen. Robert A. Taft (R-Ohio) that the Fair Deal is bankrupting the country.

At a news conference before his speech, Tobin said he opposed a 35-hour week as advocated by Jacob S. Potofsky, general president of the Amalgamated in his keynote speech Monday.

Rescue Proves Moral: Kindness Will Out

DAYTON, May 18—(AP)—Two little boys learned a natural history lesson in their English class at school yesterday—thanks to their rescue of a tiny black animal with a white stripe down its back.

But for Rusty Claggett, 14, it caused him to break a perfect school attendance record.

Rusty and Freddy Busch, 14, were bicycling to school at near-

by Vandalia when they saw a dog worrying the animal—a baby skunk.

The boys placed the animal in a sling made of Rusty's coat. When they got to school, they hung the sling on a peg in the hallway.

It wasn't long before Rusty and Freddy—and the rest of their English class and teacher—felt uncomfortable. The characteristic, penetrating odor spread

through the school. Within moments, the skunk had been released, and Rusty and Freddy were being driven to their homes by a reluctant bus driver who opined the boys should have walked.

Rusty said as he soaked in the bathtub under the watchful eye of his mother, Mrs. Russell Claggett.

"Gee, Mom, I hadn't missed a class in nearly nine years."

High Winds Whip Floods

But Dikes Hold In Stricken Winnipeg

WINNIPEG, Man., May 18—(UP)—Winds of near-gale force pounded Red River flood water against this prairie capital's sagging dikes today.

Fred McGinnis, a flood control spokesman, said that even if the dikes held, waves would lap over and deepen the seepage pools behind them. At least 17 percent of Canada's fourth largest city already is under water.

Dikemen and spotters equipped with walkie-talkies reported scores of weak spots in the 20 miles of earthworks. Within minutes, flying squads of civilians and soldiers from headquarters were filling the breaches with sandbags.

A Weather Bureau forecast of showers tonight added to the worries of 55,000 floodfighters battling the 30.2-foot crest.

A quarter of an inch rainfall yesterday weakened the dikes noticeably and doubled the number of calls for reinforcements from a stockpile of 900,000 sandbags. A half-inch of rain which fell in Southern Manitoba was expected to maintain the four-day-old flood crest.

"The next few days will tell the tale," said Brigadier R. E. A. Morton, flood control chief. "We're putting all our efforts into holding the line."

Muddy flood waters already

have poured over 10 dikes, forcing at least 105,000 persons, a third of the city's population, to flee to neighboring provinces. The remaining dikes protect a third of the city and the rest of the city is above flood level.

Unofficial estimates of damage for the entire 65-mile stretch of the Red River valley ranged from \$100,000,000 to \$300,000,000. Agriculture authorities said farmers in the 65-square-mile area under water would suffer at least \$20,000,000 in crop losses.

Ohio Cheese On Its Way For Capital Test

CANTON, May 18—(AP)—Congressmen will decide today which state makes the best cheese, Ohio or Wisconsin.

Ohio's sample—a huge wheel

of the Swiss variety—left here yesterday in a special Swiss cheese trailer. It was made by John Schneider of Ragersville (Tuscarawas County).

Hasn and Alice Grossniklaus of Wilmet, Stark County, cheesemakers who double in brass by yodeling and playing Swiss bells, are accompanying the enormous sample.

The Wisconsin entry is coming from Monroe, Wis.

Congressmen are to sample both varieties and give their verdicts.

A newspaper columnist who expressed his preference for Ohio cheese started the whole thing.

With the little kids running around, the best thing to try on your piano now and then is furniture polish.

Leetonia Builds

J. L. Helt Named To Park Committee

LEETONIA, May 18—J. Leland Helt has been appointed to serve as treasurer of the Park Improvement Committee. The total amount in the fund is \$64.59.

Since transforming a swamp and dumping ground into a park and playground takes considerable work and funds, the Booster Club financed the development of the ballfield and more than 200 loads of top soil were placed on the ball field by Francis Brennan.

The diamond has been graded, raked and rolled. The bleachers and players benches constructed by The Leetonia Tool Company have been placed in position.

The committee plans to do

some more filling with top-soil, draining, before tennis and basketball courts can be constructed. Lack of funds prevents the purchase of playground equipment for youngsters, the building of a pavilion, additional bleacher seats, installing drinking fountains, shade trees, evergreens, flowering shrubs and hedges.

The lots deeded to the American Legion by the late George Woods are now under lease to the village which also has acquired an adjoining tract in addition to its original holdings. The park now consists of three acres bordering on four streets, Lisbon, Columbia, State and Hazel sta.

INCORPORATION APPROVAL

State incorporation papers were granted Wednesday to the Hawkland Bowling Center, Inc., of Lisbon. Incorporators are J. H. Cosma, Sam Cosma and Hazel Jameson. One thousand shares of no par common stock have been authorized.

Reuther Called By Toledo CIO

Charge Union Office
Force Ousted By Scabs

TOLEDO, May 18—(AP)—CIO United Auto Workers President Walter Reuther will send a committee here today "to deal with" a revolt which has split Toledo's huge Local 12 wide open.

At least five of the 125 units of the 30,000-35,000-member local rebelled yesterday against Richard T. Gosser, an international UAW vice president, and his control over the local.

The spark which touched off the explosion was the strike Tuesday of 12 women employees of the union's dues collection office. They left their jobs protesting what they said was "domination of Richard T. Gosser."

Charles O. Ballard, UAW regional director, and Howard Seren, Local 12 president, said the 12 women "quit their jobs." They were replaced.

Richard L. Lazette, Sr., president of the Toledo Industrial Union Council, referring to replacement of the 12 women, declared:

"They have some scabs working in the office now, which threatens to make a mockery out of the union."

The Council Lazette heads represents about 60,000 industrial unionists.

Lazette in a telegram demanded that Reuther come to Toledo to "straighten out this mess."

Reuther advised Lazette he would send a committee to Toledo today "to deal with the Toledo situation." The committee, Reuther said, will be headed by Emil Mazey, UAW secretary-treasurer.

Food Worker Wage Lows May Be Changed

COLUMBUS, May 18—(AP)—Ohio's minimum wage board will meet June 5 to decide whether minimum wages paid women and minors in the food and hotel industries for the last four years should be changed.

The board ended two days of testimony yesterday, hearing witnesses for and against higher minimums.

The hearings were enlivened by demands that three board members resign. Robert C. Williams, executive secretary of the Ohio State Restaurant Association, Tuesday asked the resignation of Fred Rasser, Cincinnati labor leader, on the grounds he was prejudiced. Rasser said he would not resign.

Yesterday, Williams said Mrs. Alvah Peterson and Prof. Robert E. Mathews should resign. Both served on the 1949 minimum wage board as representatives of the public, turning in minority reports.

Prof. Mathews teaches law at Ohio State University and Mrs. Peterson is the wife of an OSU professor.

The board last year recommended higher minimum wages. Williams challenged the right of the two members to sit on the board because of their minority reports. He quoted them as saying they objected because they felt minimums should be even higher than those recommended.

The board can not question eligibility of its members, its chairman, Atty. Sidney G. Kusworm of Dayton, ruled.

Columbiana Council Contacts Homeowners In Paving Project

COLUMBIANA, May 18—Paving of the first north-south alley east of S. Main st. having been urged by some of the property owners, members of council will contact remaining property owners between now and the next meeting Tuesday evening, June 6. The plan would make a continuous paved alley from Pittsburgh street to a point north of E. Park ave.

A cost estimate of 35 cents a square yard has been made to be divided equally between properties on both sides of the alley. Some kind of a hard surface is planned to be put on the slag foundation already in as far down as the high school premises where a black top surface would probably be made to conform to the school yard.

If the project is carried out, it is understood that the Citizens Bank and the Rupert bakery

will be detoured by way of S. Elm and East Friend streets and Highland ave.

The free parking lot in the rear of the Wells drug store has been enlarged to take in the area in rear of Mowen Cleaners and the Hall brokerage office.

Several districts outside the corporation are negotiating with the board of affairs for the extension of sewerage facilities.

CHECKS DELAYED

COLUMBUS, May 18—(AP)—Some unemployment compensation checks due this week may be a day or two late because of the rail strike, the Bureau of Unemployment Compensation said today. The strike slowed down mail deliveries.

That Non-Voter Problem

A SURVEY by a Salem employer who went out of his way this year to make it easy for his people to vote in the primary shows the depth of electoral indifference.

This employer, though the hours in his plant made it possible for all his employees to vote before or after work, granted an extra hour of absence during the day so no one would have an excuse for staying away from the polls. In spite of this, a survey revealed that 34 percent of the employees hadn't voted. Even an hour of free time wasn't sufficient to lure them out of their indifference.

The employer makes this observation in submitting the findings of the survey: "Obviously, the big job is to get the voters out of their arm chairs and into the polling places. Thought you might like to know of our experience, better to appraise what a real job it's going to be."

Though no one dreams it isn't going to be a real job, few have comprehended just how tough the real job is likely to be. More is involved in voters' indifference than things which can be cured overnight. One of the things undoubtedly involved is a creeping, growing sense of frustration about the processes of politics, an insidious suspicion that politics is being turned into a heads-I-win-tails-you-lose setup by the politicians. Before voters' indifference can be overcome there will need to be a restoration of faith in the processes by which popular sovereignty is maintained.

Challenge Accepted

PRESIDENT TRUMAN'S dig at the Republicans—that he wishes they would come out in favor of something instead of being opposed to everything he wants to do—is a reminder of the sad plight of the fellow who came out in favor of putting a 23-ton glass ball on the spire of the Washington monument down in Washington.

Not only was the ball to be made of glass but it was to be cobbled and colored blue. Furthermore, it was to have lights inside it which would flash on and off, spelling out "We the People of the United States" in code—dot-and-dash style. The fellow was specific about his plan, all except the cost, which couldn't be estimated because no one ever had put a 23-ton glass ball on top of the Washington monument before.

When some people objected to the idea, this fellow said he wished they would come out in favor of something instead of being opposed to what he wanted to do. So they took him seriously and proposed something instead of a 23-ton glass ball colored blue and cobbled, with lights inside to flash "We the People of the United States" in code. They proposed a 46-ton ball in red and blue, cobbled on one side and smooth on the other, with inside lights twice as powerful as the original plan, arranged to spell out "Now Is the Time for All Good Men to Come to the Aid of the Party" in plain language, instead of code.

The argument was hot and heavy until it dawned on sensible people that no one really wanted a glass ball on top of the Washington monument in the first place and that to make an issue of what kind of a glass ball it would be was only a political ruse to get them stirred up and fighting among themselves. That was bad news for the fellow who thought up the original plan, and any resemblance between him and Harry S. Truman is not wholly accidental.

Seasonal Flavor

THOUGH editorials about cherry and pumpkin pie have been standard fixtures for many years, both being vital in the structure of American civilization, rhubarb pie has been neglected. It is actually more stimulating than either of the other two. In fact, it is so stimulating that the salivary glands overflow at the thought of it.

First of the seasonal good things to be ready for enjoyment, rhubarb is in plentiful supply at a time when nearly everything else has been used up. While it is not feasible to tide over life on rhubarb, many a farm family in the old days used it to tide over the spirit. It was an ideal change-off from a dreary diet of salt pork, ham, bacon, eggs and mush.

Some consumers know it only as pie filling, but its devotees are equally fond of it as a sauce and even as a beverage. It has been valued by pharmacists as a bitter and a purgative in concentrated form, which sets it apart from such run-of-mine pie fillings as cherries and pumpkin. They, too, have their good points, but no one ever claimed they were good for the body as well as the soul. In that respect, rhubarb stands alone. It helps to make May a month of distinction. All of it should be made into sauces and pies immediately, because rhubarb that goes to seed is an omen of death.

GOP Independence

By PETER EDSON

Oregon Primary Is Seen As Test

WASHINGTON RESULTS from Oregon's primary election on May 19 will be analyzed with particular care by Washington politicians for possible trends of the times. The Republican senatorial primary race in that normally Republican state has many of the elements of the Pepper-Smathers race in Florida.

Candidates in this Oregon primary are the incumbent independent Republican Wayne Morse, David I. Hoover, a farmer, and John McBride, who has been secretary to Rep. Compton White of Idaho. The main fight is between Morse and Hoover.

Hoover is an Indiana-born Democrat who got fed up with the New Deal and turned Republican. He came to Oregon early in the war years after a somewhat frustrating career as a deputy sheriff in Los Angeles. He was a last-minute choice of conservative Oregon Republicans who want to defeat Morse.

The primary campaign has been particularly vicious politics. Senator Morse, back in Washington between political commuting trips to the Pacific coast, said they threw everything at him.

The main charge, of course, was that Morse had been too liberal, that he has been more like a New Deal Democrat than a Republican. The charge against him was that he has voted with the Democrats 71 per cent of the time. Morse says his real record is that he has voted with the Republicans 53 per cent of the time.

HIS trouble, of course, stems from the fact that he has always been completely independent. He refuses to follow any leadership. In his campaign speeches he said repeatedly that he will not blindly follow the GOP dictation, but will vote on every issue on its merits as he sees it.

Morse says this has caused his campaign managers untold anguish, but it got him a hand at his rallies. He insists that the job isn't worth having on any other conditions. The national, political question it raises is whether any party is willing to accept independent thinkers, or whether they must all be party regulars.

Being an independent, Morse says he has not had the full backing of the Republican machine. The Republicans wanted him to win, but by not too big a majority. The man doing pub-

licity for his rival, Hoover, has been the party's regular public relations consultant.

Another of the charges thrown against Morse in the campaign was a statement that he once served as a character witness for Harry Bridges, West Coast Longshoremen's union leader.

Morse has answered that the record on this one was simply what he knew about Bridges in his appearances before the National War Labor Board, of which Morse was a member. In these war labor cases, Morse testified that Bridges kept his word and that he supported the war effort. Morse said he didn't know anything more about the man than that. But because Bridges has been on trial for perjury in swearing that he had never been a Communist, Morse's testimony was turned against him.

STILL another of the campaign stories told against Morse was that his wife had not appeared with him on the primary campaign platform. There was an inference of domestic difficulty attached to this recital.

The real reasons for this, Morse had to explain, were three. One was that his wife had to stay in Washington with their daughters. Another was that the Morses couldn't afford an extra \$200 plane fare bill every time the senator went home to make a speech. Finally, Mrs. Morse admitted that two days of strenuous campaigning such as the senator practiced would have put her in bed for a week.

While most of the attention in the Oregon primary has been centered on the Republican campaign, the Democratic race has not been without interest. Rival candidates were Howard Latour-ette and Louis A. Wood. Latour-ette is a modest conservative who has been in Oregon politics for some years and served in the state senate. Wood is a professor of economics at University of Oregon. He was defeated in the race for Congress by Rep. Harris Ellsworth.

The interesting thing about Oregon politics this year is that the state has been gaining in population since the war, and for the first time has showed more registered Democrats than Republicans. What this will do in the November election will be worth watching.

Anything Was Possible

By TRUMAN TWILL

IT IS TIME for new editions of high-school and college year books, those fabulous publications which preserve the gossip of school-day memories for examination in the years to come.

It is time for class prophecies, and exchanges of sentimental autographs. And there is an important thing to remember about all this. It isn't a new idea.

Confidentially, graduates of 1950, it has been going on for a long time. Excuse us a minute while we rummage in that big box in the attic. Here it is—the year book when father and mother were wearing caps and gowns.

Here are the sentimental autographs, from hopefuls named John, Susan, Harry and Jane . . . one more brick in a wall of friendship . . . to the best friend a bad scholar ever had . . . all best wishes from an old pal . . . when you look at this in 1950 think of me . . .

Here are some class pictures. That is father in the back row, with the lock of unruly hair adorning an alabaster brow. Who is that good-looking chick flashing her teeth in the front row? Who but your mother, the perennial May Queen?

One Man's Opinion

By WALTER KIERNAN

FOR those who haven't figured out their summer vacation yet . . . that trip of Harry's was one of the finest of the all-expense tours and he was gone less than two weeks.

He met lots of new friends, visited many places of interest and slept under two budgets every night.

Vic Johnston covered the same route for the Republicans . . . His was a kind of a student tour and he came back qualified as an observer of the charm school methods.

Johnston learned many things on the trip to report to Republican leaders . . . his first report reads "look out!"

His second report now in preparation will say "this boy has got nothing for us to be afraid of except voters."

It will take a little time to analyze fully the results of the President's trip but even before he started back from Grand Coulee dam the Turkish Democrats whipped the Turkish Republicans for the first time since 1923.

from the corsage she wore to the Junior Prom. A dozen deep red rosebuds. A splurge representing money saved for two months. Oh sure, they had corsages in those days; they even had orchids. But for this particular occasion a dozen rosebuds, no less.

Here, in the back of the book, is a dance program. That's the way it used to be done, you know. The boys would get together days in advance and arrange to do all their dancing with the cream of the crop. Nothing was left to chance.

Well almost nothing. Listen to this: "The most likely to succeed." Something slipped there. Jack Brown, the poorest student in the class, was the one who made good. It fit rich in the pickle business. That's Jack and that's your mother at the class picnic. Jack used to think your mother was as cute as a button. She thought he was a sap, didn't you mother?

This is your father in his football uniform. The padding wasn't as heavy in those days. And here's your mother, secretary of the class. Those dresses look pretty funny now, don't they? And the coats on the young gentlemen too; they didn't know about double-breasted suits yet.

But it was the same old world. Anything was possible, and almost everything was probable. All dreams were realities, and most realities seemed like dreams. The world was going to be better when it was placed in charge of the Class of X-blank-blank—and perhaps it was. But there's still room for improvement. Be sure to build those year books. They don't build houses with attics any more, so put them in safety deposit vaults. They are the highest paying investment in human hope since the government outlawed wildcat oil-well stock.

Traveling Salesmen Come High

Truman Had Better Leave Denham Alone

By DAVID LAWRENCE

WASHINGTON PRESIDENT TRUMAN soon will be advised by labor union partisans to remove Robert Denham as general counsel of the National Labor Relations Board—but to follow

David Lawrence

proof positive that the proposal submitted to Congress under the guise of a "reorganization" was merely a subterfuge and that the real object of the measure, which the senate recently rejected by a vote of 53 to 30, was just to remove an individual. Mr. Denham has refused to go along with the pro-labor-union bias of the majority of the National Labor Relations Board and has been determined to pursue a course of strict neutrality and objectivity as between management and labor and enforce the law.

THE DAMAGE to the whole reorganization crusade would be considerable. Up to now the pres-

tige of the Hoover Commission has been given great weight in Congress, and it is significant that the commission took no stand on the proposal to sabotage the position of the general counsel of the labor board.

If President Truman plays politics with the reorganization problem in government, it can only multiply the handicaps under which this worthy movement works today. There are plenty of obstacles in its path without introducing a plainly political or partisan one.

Rejection by the senate of the scheme to get rid of Mr. Denham was recognized as a vote against subterfuge. It was not at all a test vote on the Taft-Hartley Act repeal, as has been claimed in some quarters. It was simply a refusal by a majority of the senate to try to do through the "reorganization" process what should be done forthrightly by legislation revising the Taft-Hartley Act.

President Truman, by the contents of his last-minute telegram to Congress, was perhaps unwittingly drawn into the position of confessing that what he really sought was new legislation and not just a rearrangement of functions in the labor board. He referred to the fact that Senator Taft himself last year made a speech in the sen-

ate favoring changes in the functions and duties of the general counsel. The President accused the Ohio senator of reversing himself.

The fact is that Mr. Taft does favor some changes, but he wants to make them in the straightforward way of revising the Taft-Hartley Act and not piecemeal or by indirection. It is President Truman who today is blocking the repeal of the Taft-Hartley Act and the substitution for it of a fair labor-management statute as called for by the Democratic national platform on which he was elected in 1948.

THE LABOR UNIONS, which feel they own the administration and can tell President Truman what to do, have set up a block in the labor committee of the house of representatives and no vote has been permitted by the house on the compromise bill which passed the senate last year and which corrects many of the mistakes made in the patched-up conference report that finally was called the Taft-Hartley Act of 1947.

Meanwhile, the President's cabinet officers and their assistants are spending the taxpayers' money in a lobby against the Taft-Hartley Act that takes the form of speech-making around the country almost every week denouncing the very law which the Truman administration is pledged to uphold. These speeches are made before labor organizations and amount to an encouragement to defy the law, either in letter or in spirit.

An attempt to remove Mr. Denham now would produce litigation. It would stagnate enforcement of the Taft-Hartley Act. It would give the administration's opponents an excellent issue for the coming campaign because it would be such a clear demonstration of the misuse of the presidential office to foster the special privileges of a pressure group.

Church Cooperation Cited

A DISTINGUISHED religious scholar believes America is entering an era of increasing good will and cooperation among its church groups.

"I think the churches will draw more together, there will be more understanding between them and the trend toward merging and interchange of pulpits will go on," said Dr. Anson Phelps Stokes.

Dr. Stokes reached this conclusion after a monumental study of "Church and State in the United States," a three-volume work of 3,000 pages that took him 13 years to complete.

Another conclusion reached by Dr. Stokes, who served for more than 20 years as secretary of Yale University and 15 years as preaching canon of Washington Cathedral: "Democracy cannot well exist without religion."

"THE TWO fundamental themes of all great religions—the fatherhood of God and the brotherhood of man—are essential to maintaining our democracy because the dignity and solidarity of mankind are dependent upon it."

Dr. Stokes said that today he saw no major threat in America to the Constitutional guarantee of religious liberty and the principle of separation of church and state.

"Fortunately, over here the separation has been a mutually friendly one," he remarked. "Aha, all too often, when state and church have been separated, it has been done with antagonism and bitterness on both sides. But here it is a most friendly separation—the state respects the church, and the church respects the state."

So significant do the Rockefeller Foundation, and other organizations consider his study that they are distributing copies to other countries to show how healthily the principle of church-state separation has worked out in the United States.

TO UNDERTAKE his historic project, Dr. Stokes, a tall gentleman of 75, had first to halt another study he had spent ten years on—a history of universities from the 12th century to the present.

In 1937 he attended an inter-nation church convention at Oxford, England. He was asked to stand ready to answer any questions on the church-state question in America.

"That got me interested," said Dr. Stokes mildly. "And I've tried to be as objective as possible."

Thirteen years later he sent his manuscript to the publishers. It weighed 40 pounds and had 15,000 index entries. Other scholars expect his work to stand as the definitive inquiry into the subject.

Dr. Stokes is one of four sons of a prominent banker. The father and all four sons have been listed in "Who's Who in America."

"I'm not the only one in the family who has written a long book," he said dryly. "One of my brothers, an architect, wrote an even longer work in six volumes called, 'The Lullaby of Manhattan Island.'"

"He spent 20 years on it."

Meat Prices Level Off

Only Pork Shows Rise This Week

(By The Associated Press) Retail pork prices rose four cents a pound in many stores this week. But beef and lamb were higher only in scattered areas, and there were signs that all meat prices were beginning to level off for the first time since about mid-April.

The steam went out of the weeks-long upward movement as wholesale meat quotations turned irregular and then tipped downward on some cuts this week. Some large-volume chain store retailers said the consumer demand which had helped prices to rise more than seasonally had eased somewhat. These sources foresaw small price declines on the way as warmer weather spreads across the country.

Lighter weight chickens advanced one to four cents a pound in some places as food shoppers switched to poultry to avoid the rising meat prices.

A spokesman for the poultry and egg national board said this advance was probably only temporary, however, because a period of heavy supply lies within the next two or three weeks. He pointed to Agriculture Department figures showing that chick placements in broiler production areas were at a record high in the early weeks of March. It's these chickens which will be coming to market beginning about the end of this month.

Egg prices edged a little lower, reflecting high production (farms laid nearly 6,400,000,000 eggs in April, almost 5 per cent more than the year-ago month and a 4 per cent above the 1939-48 average). However, federal price-support buying was up, also. Through mid-May the government acquired about 42,000,000 pounds of dried eggs—equal to 1-500,000,000 fresh eggs. In the same period last year the price-proppers took around 39,000,000-000 pounds.

Unfavorably dry or hot weather in important growing areas of the south damaged several vegetables and resulted in somewhat higher prices this week for snap beans, bunch beets, cabbage and cucumbers. Peas also were higher. Asparagus, celery, spinach and strawberries were a little lower.

The Great Atlantic & Pacific Tea Co. trimmed one of its own bag-packed brands of coffee three cents a pound and another brand two cents, following similar cuts by other chains and several roasters of major vacuum-packed brands last week.

Fastest airplane time between two points is not always by way of the shortest route. Faster time is made by taking advantage of strong, tail winds and the weaker headwinds.

CLERICAL HOBBY — The Rev. Carl Knorr, of Milwaukee's Immanuel Lutheran Church, uses a magnifying glass to work on his model rail road, which took a year to build.

In medieval times, it was believed that black cats were witches in disguise, and that killing a cat did not destroy the witch, since witches could take on the body of a cat nine times.

Mt. Union Professor Speaks To Progressive Mothers Club

PROF. A. B. KITZMILLER of Mt. Union College, Alliance, gave a talk on "Problem Children" and officers for the 1950-51 season were named at a meeting of the Progressive Mothers Club Thursday evening in the home of Mrs. Richard Albright of E. Ninth st.

"Fear in children is mostly passed on from over anxious parents," Prof. Kitzmiller told the mothers. "Don't over feed the child. It helps him to form wrong habits," he said.

Discussing the intellectual development of the child, the professor advised the parents to help, but not to do school work for their children.

The best way to develop a child's character is by example in the parent, the educator explained. He suggested play with other children as a means of developing personality.

250 Attend Dinner At Lutheran Church

TWO hundred and fifty mothers and daughters enjoyed a lovely dinner party sponsored by the Daughters of Emmanuel of the Emmanuel Lutheran Church Tuesday evening in the social room. Members of the Esther Circle were hostesses.

A style show put on by the Strauss-Hirshberg Style Club highlighted the evening. Summer styles in street and play clothes were shown, evening apparel was displayed and a bridal party was featured. Mrs. W. J. Seeman was the accompanist.

Mrs. John Pauline, president of the unit, welcomed the guests. Rev. John Bauman, pastor, gave the invocation. Mrs. Alfred Konerth was toastmistress.

Mrs. Dwight Getz offered the toast to the daughters. Her daughter, Marcia gave the toast to the mothers. The tables were resplendent with Maypoles and tapers. Favors were Maypole booklets, which contained the program.

Gifts were given as follows: Oldest mother, Mrs. John Kehrer; youngest mother, Mrs. Richard Falk; mothers the farthest away, Mrs. Frank Donbar of Sarasota, Fla., and Mrs. Harshman, Sebring, Fla.; youngest daughter, Sharon Lee Schmidt, mother with the most daughters present, Mrs. Boschner of Ellwood City, Pa.; youngest grandmother, Mrs. Gilbert Timm; mothers nearest the church, Mrs. Michael Scheff, Mrs. John Mild and Mrs. Stefan Fernengel.

High School Students Win More Music Honors

More honors have been won in music by three Salem High School students. Dolores Buta, Galen Rich and Jean Cameron, who competed in the state finals for solo and ensemble of the Ohio schools last Saturday at Otterbein College, Westerville.

Dolores, who has three previous superior ratings to her credit, received an "Excellent" rating, while Galen, who had four "Superior" and two national awards, was given another superior.

Jean has one "Superior" rating to her credit and won a "Very Good" rating last Saturday. Mrs. Steven Odoran was accompanist for the trio.

M & M Club Is Guest

Mrs. John Fithian of E. Fourth st., opened her home to associates of the M. & M. Club Tuesday evening. One new member, Mrs. Robert Clunan, was welcomed. Five hundred prizes were shared by Mrs. Carl Skowron, Mrs. Homer Detwiler and Mrs. Joseph Fisher. Lunch was served. The annual spring party is planned for June 7.

Area Couple Returns From Honeymoon

KENSINGTON, May 18—Mr. and Mrs. Robert L. Miller, who are home from an eastern wedding trip, have concluded a visit here and are residing in Canton.

Miss Velma Marietta of Kensington and Robert L. Miller of Malvern were married in a candlelight service at 3 p. m., Saturday, May 6, in the Kensington Christian Church by Rev. A. Stephens.

Baskets of white snapdragons were combined with palms in the altar decorations. The bride's father gave her in marriage as the double ring ceremony was being read.

The bride wore a white bridal costume and completed it with a fingertip length veil. She wore long eyelet mitts. Her corsage of rosebuds was centered with an orchid.

As maid of honor, Miss Zoe Ann Marietta was gownned in blue. Carl Marietta served as best man. Paul McKarn and Merle Marietta acted as groomsmen.

Miss Jane Ann Miller of Malvern and Mrs. Edwin Haines of Cleveland provided the nuptial music.

Approximately 50 relatives and friends attended the reception in the church dining room. The refreshment table was lighted with candles and trimmed with cut flowers. Mrs. Wayne Roach and Mrs. William Morgan assisted in serving.

A daughter of Mr. and Mrs. Harrison Marietta of R. D., Kensington, the bride graduated from Minerva High School. She is employed as cashier at Fishers' super market in Canton. Her husband, son of Mr. and Mrs. Louis Miller of Malvern, is employed temporarily by the Casey Construction Co., Canton. He plans to enter Mt. Union College, Alliance, this fall. A war veteran, he served 33 months overseas.

Renelee Monchere Christened Sunday

Renelee Monchere, six-month-old daughter of Mr. and Mrs. Ray E. Lewis of Jones Dr., was christened at 7 p. m. Sunday at the Church of Our Saviour by the rector, Rev. Harry A. Barrett.

Mrs. Frank E. Smith of Canton and Miss Mary Bender of Salem were the senior and junior godmothers, respectively, while

Gale Lewis of Lisbon, uncle of the infant, was godfather. After the ceremony Mr. and Mrs. Lewis and her mother, Mrs. Harry O'Keefe, of Columbus entertained 30 relatives and friends at the Lewis home. They were from Salem, Canton, Lisbon and Columbus.

Laid with an Irish linen cloth, the table was beautifully appointed in silver tones with a tiered cake in the center. Mrs. D. H. Rummel poured. Renelee received pretty gifts.

'I Am An American Day' Program Will Be Held Sunday

Groups Join In Local Program

Public Invited To Rites At School

Civic, service and fraternal organizations of Salem will join at 2 p. m. Sunday in presenting a program in conjunction with "I Am An American Day" at the high school auditorium. Recognition will be extended each group.

Celebration of the day, which is observed by all veterans groups and many civic organizations throughout the United States, was created by the adoption of a resolution by Congress May 3, 1940. The president was authorized to issue a proclamation to set aside the third Sunday in May as National Citizenship Day or "I Am An American Day."

The program for the affair is as follows:

Short concert (three numbers) by the American Legion Quaker City Band; invocation by Rev. Harold L. Ogden, pastor of the Presbyterian Church; advancing of colors by all organizations; talk on "Citizenship" by Judge Joel Sharp.

Song by Mrs. John Krizay, accompanied by the Melody Makers artists who are featured over Radio Station WFAH, Alliance; talk on "Americanism" by Wayne L. Hays, congressman of the 18th Ohio District; and benediction by Rev. Fr. William Appell, and retirement of colors.

John Herman, Jr. and Attorney Guy Mauro are co-chairmen for the observance.

The public is urged to attend.

Lausche Ponders 'Independent' Rush

COLUMBUS, May 18—(AP)—Gov. Frank J. Lausche today is considering the concern expressed by Secretary of State Charles L. Sweeney about the number of independent candidates in the November election.

The governor said he has no comment at the present time on Sweeney's views. He said: "While he (Sweeney) did not ask me to call a special session, he did express the belief under the present law the purpose of the primary practically is invalidated."

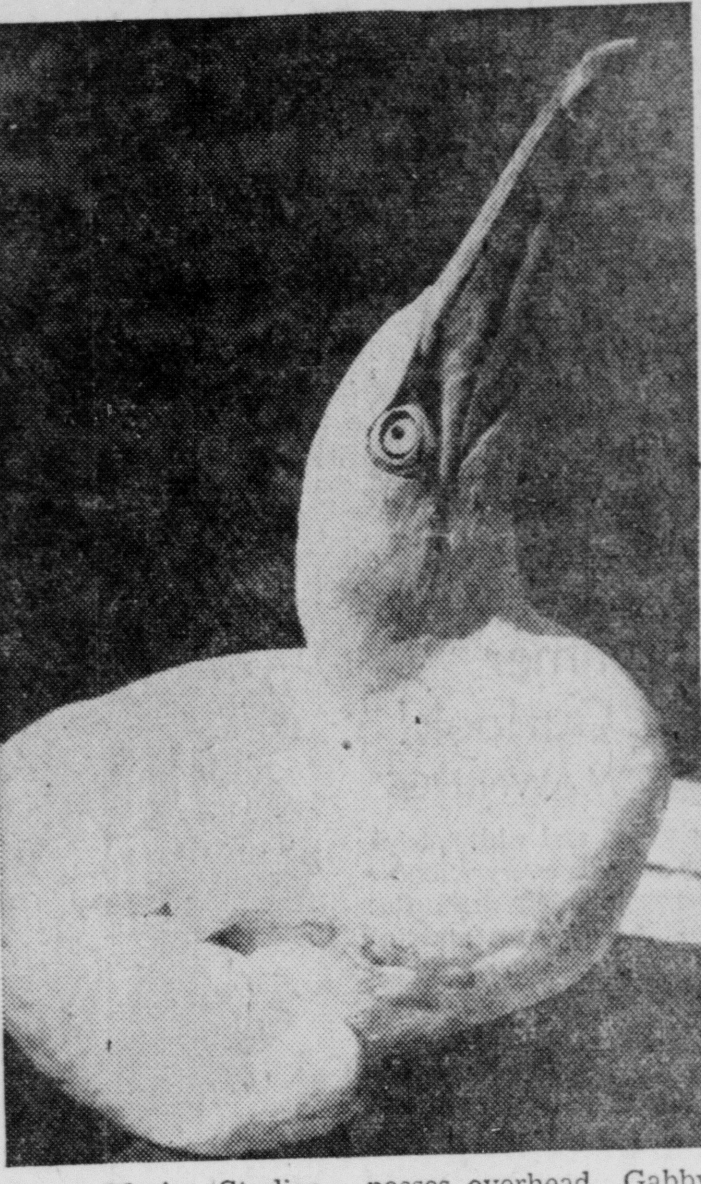

"He further stated the two-party system is to a large degree nullified if candidates appear who didn't dare run in the party primary elections."

The governor and Sweeney conferred yesterday.

The insecticide now known as DDT first was compounded in 1874, but its practical value was not determined until 1939.

Information Leak Probed In Ohio Liquor Department

COLUMBUS, May 18—(AP)—State Liquor Director Oscar L. Fleckner ran smack into an obstacle today just as soon as he got his investigation of a possible information leak under way.

Atty. Bernard S. Goldfarb of Cleveland charged flatly yesterday that someone in the State Liquor Department gave Forrest Allen of The Cleveland Press confidential information about finances of the Artists and Writers Club.

Fleckner said he would begin his investigation by asking Allen where he received his information for a story that appeared Jan. 30. The Press said it would not reveal its source of information.

Goldfarb contended the story contained information that appeared in a report of two liquor inspectors not turned in until 5 p. m. Jan. 31, after they investigated the Cleveland club.

Goldfarb represented the club during a liquor citation hearing in Columbus. The board took the case under advisement.

The State Liquor Board demanded that the Attorney General investigate the case, and Chairman Frank M. Krebs of Dayton said a written request for an investigation would be made "as soon as we can get to it."

The inspectors who visited the club, Charles L. Brown and Corwin Matthews, said they talked

with no one about their visit except their superiors. Brown testified before the board that he gave most of the information contained in the official report to Anthony A. Rutkowski, state liquor enforcement chief, about Jan. 21.

Siman L. Leis of Cincinnati, board member, called for the investigation by the Attorney General.

The club is accused of selling to non-members, making false material statements on its permit application, giving away food, giving away liquor, buying liquor for resale from a source other than the Liquor Department, and operating for the personal profit of Manus McCaffrey, club general manager.

Housework Easy Without Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Insurance Benefit Set For Young Drivers

COLUMBUS, May 18—(AP)—Motorists under 25 who complete and pass a state-approved driver training course can get liability insurance at lower rates from a Columbus company, beginning next Monday.

The Farm Bureau Mutual Automobile Insurance Co. yesterday announced it is offering such drivers regular adult liability rates. Other drivers in the same age group, however, will have to pay higher rates, depending upon where they live.

Next Monday untrained driv-

ers under 25 living in the country must pay 26 per cent more than the rate for adults while those living in the city will pay a 35 per cent higher rate.

Insurance premiums in 40 states were raised more than a year ago for persons under 25.

The company says that "a car in the hands of a teen-ager is, roughly, twice as dangerous as a car driven by a mature adult."

Ebright Reports Tax Take Decreasing

COLUMBUS, May 18—(INS)—State Treasurer Don H. Ebright reported today that sales tax collections up to May 6 in the 1949-50 fiscal year are approximately four million dollars under 1948-49.

The total, with the week ended May 6 added, amounts to \$103,142,000 as compared with \$107,093,000 up to May 7 in the previous fiscal period.

Ebright said that receipts during the week ended May 6 totaled \$2,466,257. This compared with \$2,479,889 collected in the week ended May 7, 1949.

Building Permits In Cities Set Record

NEW YORK, May 18—(UP)—Building permits issued in 215 cities established a new record in the first four months of 1950, Dun & Bradstreet, Inc., said today. The total was \$1,572,900,049,

27.9 percent more than \$1,140,473,007 recorded in the first four months of 1949 and 22.5 percent above the previous high of \$1,294,875,220 recorded in 1939. April building permits in the 215 cities—\$443,973,656—were 0.6 percent below the March total of \$448,399,454, but 28.2 percent greater than the April, 1949, amount of \$347,907,306.

HERE'S THE BUICK SPECIAL 4-door Sedan; de luxe finish. The same body type is available on SUPER series.

"YOU HARDLY KNOW THE ROAD IS THERE!"

You won't be the first to say that—not by a long shot.

One of the first things you notice, when you step from another make of car into Buick, is the wonderful difference in the Buick ride.

There are good technical reasons, if they interest you...

Soft coil springs all around, the gentlest type of spring man knows how to make.

A stout torque-tube, acting like the husky keel of a battleship to steady the whole carriage.

Low-pressure tires on wide, Safety-Ride rims, that stop heel-over and sway on curves.

Firm, sure, quick-acting shock absorbers, promptly snubbing the after-bounce of the bigger bumps.

The important thing is what these all add up to.

Freedom at last from jounce and jiggle. A level, floating, road-free passage over almost any kind of road, with even the worst of them tamed and gentled as never before.

Add Fireball power to all this—the roominess of wide, deep seats—the lightness of Buick controls and the liquid silkiness of Dynaflo Drive*—and you have a car just too good to miss.

Come try one, won't you? Your Buick dealer will be delighted to demonstrate without obligation—delighted to show you that if you can afford a new car, you probably can afford a Buick.

*Standard on Roadmaster, optional on other Buick models.

McCarthy Asked To Prove File Rifling

WASHINGTON, May 18—(AP)—Senate Communist investigators asked Senator McCarthy today for evidence backing up his charges that State Department loyalty files have been rifled.

McCarthy, Wisconsin Republican, replied that before he can provide such evidence, Democratic members of a Senate inquiry committee will have to be convinced "that the rifling of the files should be exposed rather than covered up."

The files being examined by a Senate foreign relations subcommittee cover 81 persons accused by McCarthy of being Communists, Red sympathizers, or security risks for other reasons.

McCarthy has charged that the files were stripped of much material by the State Department before it turned them over to the committee. The depart-

ment has denied it, and deputy Undersecretary of State John E. Peurifoy said he would testify under oath that there has been no rifling of the records.

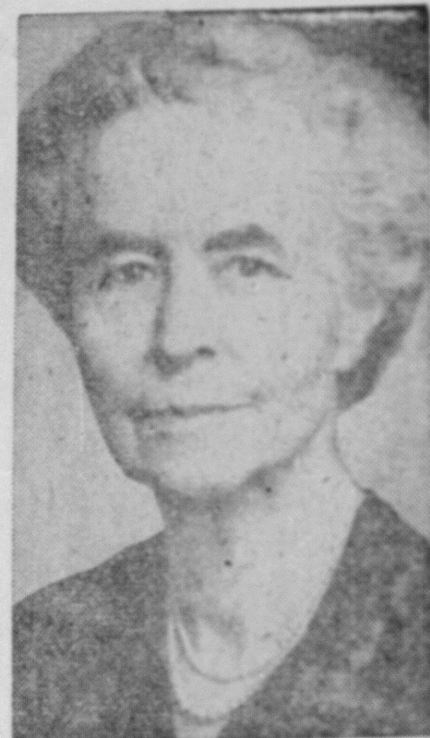

Boy, 11, Passes Time With Geiger Counters

CLEVELAND, May 18—(AP)—Bobby Gordon, who is only 11, amused himself today by building a Geiger counter for experiments in radio-activity as he waited to enter a Western Reserve University chemistry class June 19.

Normal in other subjects, he is about six years ahead in scientific subjects and was accepted by the University for freshman chemistry work. He will continue other subjects at an elementary school.

Graziano-LaMotta Bout "Cooked Up Deal" Says Writer

Frowns On Title Bout Of Buddies

Wants Ray Robinson Or Villemain Crowned

By LAWTON CARVER
NEW YORK, May 18—(UP)—One of the strangest prize-fights in all history apparently is about to be arranged for presentation in New York, the mecca of boxing—and of strange doings—in the near future.

Jake LaMotta and Rocky Graziano are about to sign up for a match that will find LaMotta's middleweight title on the block. Let's start at the beginning. Graziano was under duress in New York for a long time for failing to report an attempted bribe. He was out of action almost as long elsewhere because of his war record.

LaMotta is a notorious runout specialist, who once was fined and suspended for an unsavory performance allegedly traceable to an unreported injury.

THAT GIVES you a rough idea of this forthcoming match between these two for the middleweight title, with only this to be added: They are bosom companions.

LaMotta won the championship from a crippled Marcel Cerdan and ran out of a return match temporarily, then didn't have to go through with it at all because Cerdan was killed in a plane crash.

He has been shown leniency by the New York Boxing Commission far beyond what any fighter has reason to expect. He will have gone nearly a year between winning and defending the title, when the rules clearly state that only six months of grace will be permitted.

Beyond all that, Graziano's qualification as a challenger appears to be based on his being held to a draw recently by Tony Janiro and making none too impressive showings in other matches.

Obviously, the outstanding contenders for the middleweight title are Robert Villemain, the Frenchman, and Ray Robinson, the welterweight champion.

VILLEMAIN LOST a disputed decision to LaMotta in an over-the-weight match and whipped the champion by way of establishing himself.

But he has been sidetracked to permit LaMotta to take on his pal, Graziano, in something that may smell strictly from limburger and give Commission Chairman Eddie Egan's political aspirations a further setback.

Robinson is the best fighter in the world today within 20 pounds of his weight and beat LaMotta in four out of five over-the-weight matches, which seems to rule him out automatically.

A solution to all this nonsense and political tug-and-haul is offered by the Pennsylvania commission.

This latter body already has announced that it will recognize the winner of a June bout be-

Merchants Win 6-5 Over Springfield

Scoring a brace of runs in each of the second, third and fifth innings, the Salem Merchants hung on to take a well-earned 6-5 decision from New Springfield on the latter's field Wednesday evening.

It was a Columbiana County League game. Johnny Guiler hurled for Salem and fanned 10 Springfield batters, while walking five. He allowed nine hits. Salem collected only six off two Springfield hurlers. Milligan and Scullion each got two safeties.

tween Villemain and Robinson as the middleweight champion. LaMotta therefor can run for Sweeney and Egan.

The Philadelphia bout will establish a clear-cut champion. The New York bout between LaMotta and Graziano is obviously a cooked-up deal of no real standing.

Giants Swing Dodger Trade

Berardino Sent Back To San Diego Team

NEW YORK, May 18—(AP)—Major league baseball clubs girded for the long summer run today after stripping down to regular playing weight—the 25-man limit.

Last hour maneuvers to beat the midnight deadline saw a number of significant roster changes, none quite as unique as that of the New York Giants.

Leo Durocher's Polo Grounders, struggling to get out of the second division, were left with four third basemen and a pair of inexperienced catchers.

In the biggest move of the day, a three-way shuffle, the Giants brought third baseman Johnny Jorgensen from the Brooklyn Dodgers and sold veteran catcher Ray Mueller to the Pittsburgh Pirates.

Jorgensen immediately runs into a lot of competition for the hot corner spot. Other Giant third basemen on hand are Jack Lohrke, Bill Rigney and Hank Thompson.

Behind the bat Durocher was left with Wes Westrum and Sam Calderone, neither a seasoned performer.

No price was disclosed in the Jorgensen deal. To make room for the new employee, the Giants sold the 38-year-old Mueller to the Pirates for "more than the \$10,000 waiver price."

The Pirates got down by optioning pitcher John McCall to their Indianapolis farm club in the American Association.

THE DAY'S MOST feverish activity took place in the front office of the Cleveland Indians, who first announced that southpaw pitcher Sam Zoldak was being sent to San Diego and then, a few hours later, changed their mind.

The Indians, figuring they'd better keep their pitching staff intact, decided instead to ship infielder Johnny Berardino to the Pacific Coast League club on 24-hour option. Another infielder, first baseman Herb Conyers, was sent along on the same terms.

Wednesday the Tribe's front office announced Zoldak would go to the Pacific Coast farm club, but—after Zoldak already had shipped his baggage—signals were changed and Berardino was cut instead.

"We feel we need another pitcher more than we need another infielder," General Manager Hank Greenberg explained. The Tribe, by keeping Zoldak, retains 11 hurlers.

Berardino, a 33-year-old Californian, was with the St. Louis Browns from 1939 through 1947 with three war years out for service in the Army Air force. Bill Veeck purchased his contract for Cleveland in 1948 for \$60,000. Used as a utility infielder, he hit .190 and .191 in the two seasons with the Tribe.

Strikes to Spare

Members of the Women's Buckeye Bowling League re-elected Julia Ellis as loop president for the coming year. Other officers named are: Alma Wentz, vice president; Helen Caldwell, secretary; Mary Kander, treasurer; Melvina Reese, sergeant-at-arms.

The Gray Motor team won the league championship, followed by Hine Motor, Fitzpatrick Motor, Corso's and Salem Concrete.

Poland Wins Fourth District Meet In Row; Scores 51 Points

Poland Seminary's powerful track team won its fourth consecutive northeastern Ohio district Class B meet at Reilly stadium Wednesday night, scoring 51 points to outstrip a field of 24 teams.

It was Poland's fifth district championship in six years. Scoring heavily in the dash events, Marlboro High took second place, with 29 points. Braceville, with 21, and Columbiana, with 20, followed.

Husky Jim Kelly, Poland star, was the high point man of the meet, winning first in the shot put, discus and 880 yard run. In the shot, he cracked a 15-year-old record by heaving the ball 49 feet, five inches. His 2:05.8 in the 880 was spectacular, in that the race was run in a downpour of rain.

One other record—in the pole vault—went by the boards as Richardson of Poland soared 11 feet eight and three-quarter inches to smash a mark which had stood since 1932.

Poland's team took five firsts and tied for another with Braceville. The latter, an oddity, was in the 880 yard relay. The winners scored in nine of the 14 events.

A's Rally In Ninth To Defeat Tribe 7-5

CLEVELAND, May 18—(AP)—The rubber game in an exciting three-contest series between the Cleveland Indians and Philadelphia Athletics comes up this afternoon with Steve Gromek hurling for the Tribe against the A's Lou Brissie.

The Mackmen evened the series last night by scoring three times in the ninth inning then choking off a Cleveland rally to leave the tying run stranded on second base.

Five double plays helped the Athletics nullify Tribe threats. Philadelphia took a two-run lead in the second on Sam Chapman's homer and a single by pitcher Dick Fowler after a walk and an error by shortstop Ray Boone.

Starter Bob Feller gave up two more runs in the fifth when rain halted play for 25 minutes. Fowler, Eddie Joost and Paul Lehner singled to fill the bases. Fowler scored as Bob Dillinger grounded to force Lehner at second; then Joost stole home while Dillinger was taking second.

FOWLER GAVE the Tribe only two hits until the sixth when a walk and singles by Thurman Tucker, batting for Feller, and Bob Kennedy produced a marker.

A two-run double by Ray Murray in the seventh, and Al Rosen's single after Kennedy's double in the eighth enabled the Indians to tie the score at 4-4.

But the Mackmen were not to be denied. They came through with three runs in the last frame against reliever Jess Flores.

Singles by Ferris Fain and Elmer Valo started the rally. Then Bob Kennedy dropped the ball attempting to throw after catching Pete Suder's long fly. That let in one run, and two walks filled the bases. Up came Lehner to lace a two-bagger off Joe Gordon's glove and drive in two more tallies.

Bobby Shantz got into trouble in the Indians half of the ninth when Murray singled, Roberto Avila walked and Dale Mitchell bounced one over the left field fence for a ground-rule double to score Murray. Carl Scheib rescued Shantz by getting Kennedy to foul out and making Easter clout a long fly that Lehner grabbed near the 380-foot sign.

Relief Pitchers Are Driven To Mound

CLEVELAND, May 18—(AP)—When one pitcher was driven out of last night's Cleveland-Philadelphia baseball game here, another was driven in—by jeep. The free ride replaced the long, slow walk by relief hurlers from the bullpen beyond the outfield fences because General Manager Hanl. Greenberg of the Tribe wants to speed up games.

Th. Indians' games so far this season have averaged 2½ hours in length. Greenberg thinks that's too tiresome for all concerned—especially the cash customers—and is working on a four-point program to reduce the playing time to two hours.

Birns Acquitted In Bomb Case

Prosecutor, Judge Are Displeased

CLEVELAND, May 18—(AP)—Shondor Birns, 42, and four of his pals were free today of charges they bombed a policy operator's automobile to scare him into cutting them in on his rich racket.

A jury of eight men and four women took only two and a half hours to acquit Birns, Charles B. Amata, 44; Nick Satulla, 55; Angelo Lonardo, 38, and Joseph A. Artwell, 44.

The verdict last night closed a trial that started March 27. Prior to that an eight-week trial on the same charges ended last January in a hung jury and resulted in contempt-of-court convictions against Amata and a former postal superintendent, Arthur A. Frosberg, on grounds of jury-tampering.

Elated at the verdict, Birns told reporters:

"I'm going to keep my nose clean now."

Safety Director Alvin J. Sutton, Common Pleas Judge Joseph H. Silbert, detective and prosecutors were anything but happy—and considerably surprised at the verdict.

Judge Silbert instructed prosecutors to institute contempt proceedings against Birns on a second jury-tampering charge. "This one involved testimony of Joan (Vickey) Kanaziz, 19-year-old blonde beauty, that she was a go-between for Birns in approaching a prospective juror. Miss Kanaziz was a waitress in the Alhambra Tavern which Birns operates. Frozen-faced, Judge Silbert thanked and dismissed the jury.

\$3.19 Gift Is Small, But Spirit Great

COLUMBUS, May 18—(AP)—Children's Hospital in Columbus, O., received a \$3.19 contribution, and officials said today they wouldn't feel more grateful if it was \$10,000.

The money was raised by seven youngsters, their leader a little boy crippled by infantile paralysis. It was their own idea to raise the money for the hospital, which treats polio sufferers.

Nine-year-old Betty Newburger had learned how to make paper flowers out of tissue paper and bobby pins, coloring them with crayons. Her six-year-old brother, David, who has been on crutches since he was 18 months old, suggested:

"Let's make the flowers and sell them. Then we can give the money to Children's Hospital."

So they started making the flowers—the Newburger children, Nancy Swisher, 10, and her brother, Tim, 5, Barbara Bachman, 9, and her brother, Rodger, 5, and Barbara Bowsher, 10.

When the flowers were finished they canvassed the neighborhood. Customers paid either one or two cents per flower.

Yesterday they took their total receipts to the hospital and gave the money to Miss Barbara Brown, director of recreation.

Miss Brown said the money will be used to buy model airplanes, painting sets, and plastic automobiles for the children in the hospital.

Pittsburgh District Has Bus Strike

PITTSBURGH, May 18—(UP)—Half a million commuters in the Pittsburgh district were forced to use emergency transportation today in an AFL bus drivers' strike against five motor coach companies.

A sixth firm was given "a day's grace" and allowed to continue operations when it agreed to continue bargaining talks for wage increases for its 17 drivers.

The five companies employing 783 drivers were Brentwood Motor Coach Co. and the Oriole Motor Coach Co. in the South Hills district of Pittsburgh; Debold Transit, serving Homestead and Munhall; West Side Transit, serving Charleroi, Monessen and Belle Vernon; and Penn Transit, serving Greensburg, Kittanning, New Kensington and Leechburg.

The sixth company, Bamford Brothers, serving Mifflin, Whitaker and West Homestead, agreed to meet with the union again today.

COMPANY INACTIVE

CLEVELAND, May 18—(AP)—The American Magnesium Corp. will become inactive June 1. The Aluminum Co. of America today announced it would take over then the manufacturing activities of its magnesium fabricating subsidiary.

A grownup usually means about half he says and a youngster says about half he means.

Benesch Fostering Democrats-For-Taft

CLEVELAND, May 18—(INS)—One of Ohio's most prominent Democrats is attempting to organize a "Democrats-for-Taft" group.

Alfred A. Benesch, a staunch Democrat for nearly 40 years, said yesterday in Cleveland that it was time for Democrats to drop the camouflage and admit publicly that Joseph T. Ferguson, Mr. Taft's opponent, is not in the same

political class as "Mr. Republican."

Mr. Benesch, former state director of commerce under Gov. Martin L. Davey and Cleveland area rent director for the OPA, said that he "could not stomach a person like Joseph T. Ferguson."

The elderly Democrat said that he did not want to organize the Democratic group to support Mr. Taft, but said that "I certainly would like to help in such an organization and so would some outstanding Democrats with whom I have discussed the matter."

How do you raise a revolutionist?

The same way you were brought up.

You and your ancestors are just about the greatest revolutionists of all time. When most of the world's people were being pushed around by all-powerful governments, Americans revolted . . . and won freedom from government force and tyranny.

Our Bill of Rights declared that men and women are more important than their governments. A revolutionary idea—and Americans have kept it alive for nearly 200 years!

Today, that great idea is in danger. The old idea of all-powerful government has made a comeback. And when government gains power, its people lose precious rights and freedoms.

Even in America, we've been giving more and more power to our federal government. Now you hear people saying, "Let the government take over certain industries and services—the doctors, the railroads, the electric companies."

Most of those people don't want an all-powerful government any more than you do. But when an ambitious big government gets control of more and more things, it becomes socialistic almost automatically. In a socialistic U.S.A., the American Revolution would be dead. There would be no freedoms for you—or your children.

We hope you'll talk this over with your family and friends and fellow-workers. It's the greatest danger America is facing today.

Damascus

Junior Camp in Quaker Canyon is being planned by the Damascus Quarterly Meeting of Friends for boys and girls from 9 to 11 years of age. Because a large attendance is expected, two separate sessions are being planned.

The first session is set for June 20 to 23, and the second will be June 27-30. As long as it is possible, children may have their

choice of weeks. Church groups are advised to attend the same week.

The Young People of the Friends Church here will present a five-minute skit as a part of the program in the Sunday School Rally to be held in the Beloit Church at 2:30 p. m. Sunday, May 21.

Mr. and Mrs. Donald Cameron entertained associate members of the Saturday Night Club May 13. Five hundred was the pastime,

with prizes being awarded Mrs. Alton Dunbar, Mr. and Mrs. John Denny and Emil Stanley.

Lunch was served at the table centered with an arrangement of beautiful flowers. The next meeting June 10 will be held with Mr. and Mrs. Elgie Boyle.

Pupils of the Willow Vale school entertained their mothers at the school Friday afternoon.

The program consisted of a welcome by Louise Denny; recitations by Sara Mae Miller and

Joan Easton; band music by the 1, 2 and 3 Grades and songs by the upper grades. Lunch was served by the pupils, assisted by the teacher, Mrs. Helen Miskimins.

The annual picnic for the families, for the last of the school year, will be held in Willow Grove Grange hall at 7:30 p. m. Wednesday. A picnic supper will be served at 7:30.

Daily Vacation Bible School is being planned by the Damascus

churches. It will continue for eight days from May 31 to June 9. Mifflin Hall, James Penrose, John Seachrist, C. T. Shreve and Mrs. Elizabeth Morgan are ill. Mrs. Charles Pyle spent Monday May 15 with her sister, Mrs. Clarence Dietz of Kent.

Speaking of spectacles to behold, a fisherman dropped his sunglasses in a lake and 10 minutes later reeled them in on his hook.

More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose plate discomfort. FAST-TEETH, an improved powder, sprinkled on upper and lower plates holds them firmer so that they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FAST-TEETH today at any drug store.

PINEAPPLES have long been a symbol of hospitality. Craftsmen of centuries past carved pineapples on their finest furniture, and if you own a pineapple poster bed or a highboy, you're lucky indeed. But you can get the real thing for a few cents, and show your hospitality with a luscious salad or dessert when you entertain.

Look for a nice orange yellow color, a mouth watering fragrance and a fresh clean appearance. The eyes should be fairly flat, and the fruit heavy in proportion to size.

The spiky leaves are loose and easy to pull out in ripe fruit. But of course, avoid bruised spots or mushiness at the base. Incidentally, pineapple slices or wedges are easier to peel after cutting or slicing, so cut off what you need, and wrap the rest in waxed paper and store in the refrigerator for next time.

Fresh pineapples have a delicious tart flavor that makes them perfect for salads. And they can be prepared in so many attractive ways. If you take a very sharp knife and cut off thin, almost transparent slices, you'll have a lacy edible doily to heap mixed fruits or seafood salads on. Or you can cut out wedges around each eye with a sharp knife and pull loose from the core. Leave the peel on, and arrange on a fruit salad plate with strawberries, orange sections, banana slices or whatever else you fancy. Very tempting.

For a dessert or salad for parties, more springlike than the first tulips, section and cube a fresh pineapple and prepare a syrup with the following:

2 c water
1 c sugar
Grated rind 1 orange
Grated rind 1 lemon
3 T chopped fresh mint
Juice 1 lemon

Chill the syrup and just before serving mix the pineapple cubes with banana slices, berries, orange sections or other fruits in season, pour the syrup over and serve in your nicest dishes. If you can't possibly find fresh mint sprinkle with crushed after-dinner mints.

Something New For Lagging Appetites

NOW that May is here with its nicer days and the promise of summer in the air it's time to snag lagging appetites with fresh, new flavors.

Finishing touches are important! When it comes to serving meat dishes this is equally true whether it be a standing rib roast of beef, a pork chop, or ground lamb patties, says Reba Staggs, home economist.

In choosing a garnish for lamb the homemaker often turns to mint. To capture this combination on the meat platter, bright peach halves may be topped with mint ice. Or drained pear halves may be heated in melted mint jelly or in pear juice containing a few drops of oil of peppermint and green vegetable coloring. Another cheerful decoration for the roast lamb platter is spiced beets cut julienne style.

Ever popular with pork chops or a pork roast are fried apple rings or wedges. Pineapple slices centered with tart jelly are another possibility. For a vegetable to garnish pork, asparagus bundles may be wrapped with a band of pimiento. Small whole carrots browned in ham fat provide an especially bright border for a broiled ham slice.

With steak, French fried potatoes are frequently served. For a change, onion rings may be marinated in spiced beet juice, then arranged around the steak platter. Baked onions, filled with seasoned bread stuffing, provide a different type garnish. Mashed potato cups bearing diced vegetables or peas are a choice for a beef roast platter. Or perhaps orange slices topped with cranberry jelly.

For a delicious ice cream sauce, mix a half cup each of butter or margarine and sugar; add a cup of cream and heat to boiling. Mix in some finely chopped preserved fruits and serve.

Customers' Corner

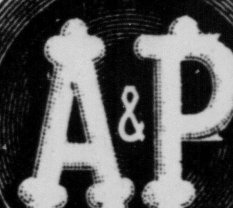

Since the anti-trust lawyers filed their suit to put A&P out of business, three interesting things have happened:

1. Many thousands of our customers have written letters expressing their opposition to this suit.
2. Public opinion polls reveal that most Americans are on our side.
3. Our business has increased. More people are shopping at A&P than ever before.

All these things indicate that our customers have confidence in the policies of fair, honest dealing which have guided this company for the past 80 years.

We want to do everything we can to merit your continued support.

Chickens Are Better Than Ever

CHICKEN OF TODAY, specially developed by poultry breeders, packs more white meat into the American Sunday dinner.

THE Star-Spangled Banner, roast chicken for Sunday and mashed potatoes with gulet gravy, are parts of our national heritage.

The chicken of today is something new. Poultry raisers have developed fowl with meatier breasts and drumsticks. These all-purpose chickens (you can fry, broil or roast them) reach maturity in a shorter time, and have more meat in proportion to the bone.

They are the result of selecting breeds and strains with best producing characteristics. Five years ago contests were started all over the country to produce the new chicken. Major poultry outfits, scientists, college experts and the United States Department of Agriculture supervised them. The Great A & P Tea Co. sponsored the movement and home economists, agricultural students and 4-H clubs helped it along.

Get one at your favorite dealer's and call the family in. Better listen a minute to Kathryn H. Niles. She's the First Lady of

Perk Up Meals With Tarts

NOW, when meals demand a nice light touch, what could be better than berry tarts. Tarts filled with strawberries, blueberries, raspberries—canned, fresh or frozen—make a delightful surprise. And these tarts we're suggesting are just as suitable for breakfast as they are for lunch or dinner.

If you would like to make tarts that are extra good yet less fattening—and that's important when everyone wants to eat "just one more"—then make the tart shells with yeast-raised sweet dough instead of pastry. Yeast doughs have less shortening—consequently fewer calories.

You can serve these berry tarts warm along with the meal or the breadstuff, nice for breakfast that way. But for dessert, top them with a sprinkling of confectioner's sugar, shredded coconut, or whipped cream.

Here's the recipe. Make it up often and try a variety of fillings. If you're fresh out of berries, some peach or apricot jam makes a luscious tart.

Queen Berry Tarts

1 c milk
1/3 c sugar
1 t salt
1/2 c shortening
3/4 c warm (not hot) water
2 packages dry yeast or 2 cakes yeast
3 eggs, beaten
5/4 c sifted all-purpose flour

Sift milk, sugar, salt and shortening. Cool to lukewarm. Measure water into large mixing bowl. Sprinkle or crumble in yeast. Let stand until dissolved (5-10 minutes for dry yeast). Stir. Add lukewarm milk mixture. Stir in eggs, then stir in flour until dough comes away from sides of bowl. Place dough in greased bowl and brush top lightly with melted shortening. Cover and chill (or store) in refrigerator for at least 2 hours. Turn out on lightly floured board; divide in half. Form each half into a roll about 12 inches long. Cut with a sharp knife into 12 equal pieces. Form into smooth balls. Place on greased baking sheets about 2 inches apart. Flatten slightly with palm of hand. Cover with clean towel. Let rise in warm place, free from draft, until doubled in bulk, about 50 minutes. Press down center of each ball with fingers, leaving a rim about 1/4 inch wide. Fill center of each with sweetened berries or preserves. Bake in moderate oven (375 F.) about 30 minutes.

Many modern cooks know that low temperatures used in roasting meats mean less shrinkage; but they don't always realize that low temperatures also mean that the meat will be more uniformly cooked with less contrast between the outside layers and the center.

Tomato soup teams well with many foods: shrimp, tuna fish, avocado, cottage cheese. Use tomato, dill or watercress around the salad for a pretty green base.

French Deny All Prisoners Returned

PARIS, May 18—(UP)—A foreign office spokesman rejected today a Russian claim that all French prisoners of war in the Soviet Union had been repatriated.

"According to the latest information we have, there are still French citizens in the Soviet Union," the spokesman said. He did not give a number.

Russia charged that though she had returned all Frenchmen to France, France was preventing 20,000 Soviet citizens from returning to Russia.

The spokesman said this charge stemmed from a question of "definition."

"The Russians consider all those displaced persons from countries taken over by the Soviet Union to be Soviet citizens while France considers that they are not if they have not requested Soviet passports," he said.

The spokesman said the "Russians" included citizens of the former Baltic states, Poles and some Armenians.

The Frenchmen still in Russia, he said, are Alsace-Lorrainers conscripted into the German army and captured on the Russian front.

When buying broccoli see that the bud clusters are compact and do not show any purple or yellow color. If the stems are heavy they may be cut in criss-cross fashion part of the way up so that they'll cook tender in about the time it will take the top clusters to get done.

Walking one mile exerts a cumulative pressure of 500,000 pounds on your feet.

SQUEEZE ON MUSTARD—Already accustomed to brushing his teeth with Dad's shaving cream, Junior now faces the possible hazard of encountering Mom's mustard in a squeeze-out tube. Food packers are testing this new tube made by an Elizabeth, N. J., manufacturer to hold condiments, cream cheese, jelly spreads and other soft foods. This housewife squeezes mustard on a hamburger.

Cranberry sauce is delicious served with pork, duck, or chicken, as well as with turkey.

Whirls For Spring Made From Fruit

It's time for the homemaker to capture the brightness of spring on her dinner table. One way to do it is with biscuit whirls cleverly stuffed with spicy-sweet fruit.

Strawberries or rhubarb or perhaps a combination of these fruits is ideal for the gay biscuit rolls. Fresh peach slices sprinkled with cinnamon are also appealing in biscuit dough made especially flaky and tender with lard. Cherries or crushed pineapple are two other suitable choices.

The fruit whirls are made with a regular biscuit dough. However, a small amount of sugar is added

to the flour mixture before cutting in the lard. The dough is rolled or patted to a thickness of 1/4-inch. The top surface is brushed with melted butter or margarine, then spread with the fruit mixture.

To bake, the dough is rolled as a jelly roll, then cut into individual portioned 1-inch slices. The whirls are arranged on a baking sheet, then placed in a hot oven (425 degrees F.) and cooked for about 15 minutes. Colorful thickened fruit sauce is temptingly served over the flaky whirls.

Don't cool aluminum and stainless metal cooking utensils too fast. Wait a few minutes after using them before soaking the pan. Quick changes in temperatures may warp them.

Most people do not realize how much the price of cattle has gone up! We will quote the prices on our last four carloads of cattle — Sept. 12, we paid \$4,822.41; Nov. 27, we paid \$4,705.50; Feb. 10, we paid \$6,060.00; May 15, we paid \$7,252.13. On top of those prices, we will feed the last car load of cattle for three to four months before we kill any of them. We are now using the cattle we got Feb. 10th, so it is easy to see that beef is going higher as time goes on. Also Pork is trying its best to keep up with Beef! Live hogs have gone up six cents a pound in the last three weeks. But regardless of prices, we are offering the following at far below cost—

Top-Stove Beef Pie Easy To Prepare

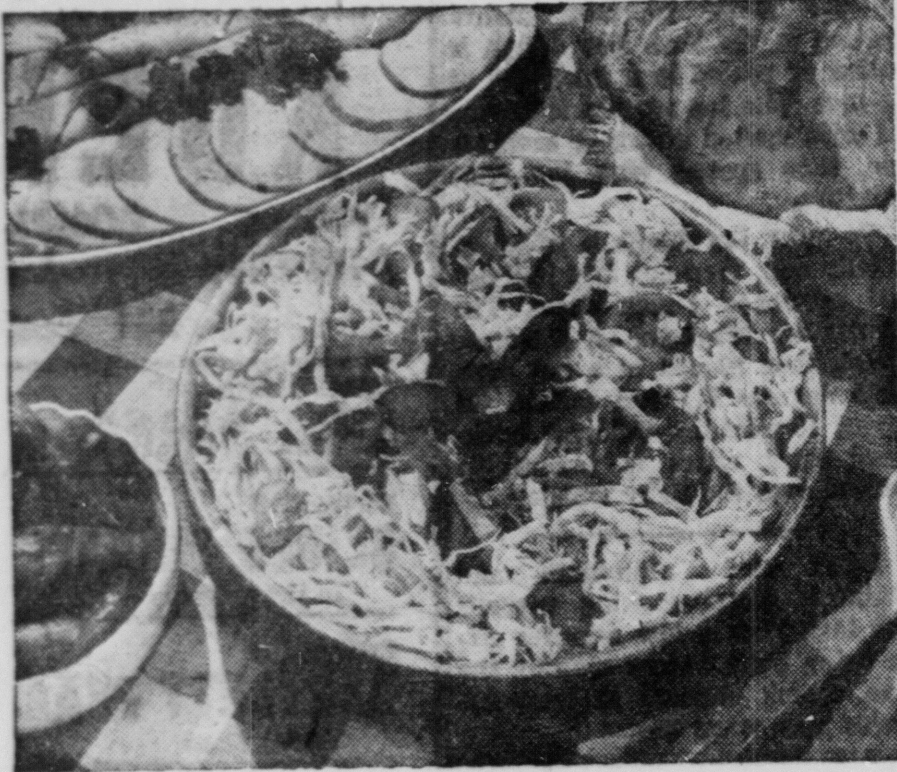

PEOPLE with small apartments and no range can expand their menu potential considerably by getting one of the top-stove ovens now on the market. This Beef Pie is a good example of what can be done with one of these ovens.

Three-In-One Beef Pie

- 3/4 lb. boneless chuck or round beef, cut in 3/4 inch cubes
- 2 T all-purpose flour
- 1 t salt
- 3/4 t pepper
- 2 T bacon drippings
- 1 1/2 cups boiling water
- 2 t Worcestershire sauce
- 1/2 t bottled thick meat sauce
- 3/4 t garlic salt
- 1/2 c sliced onion
- 1 c pared, diced potatoes (1 medium)
- 1 thinly sliced, pared carrot
- 3/4 c drained canned or thawed frozen peas
- 1/3 pkg. pie crust mix

Water
Night before: Trim fat and gristle from meat. Mix next three ingredients on plate. Roll meat in flour mixture to coat well on all sides. Reserve left over flour, if any. Heat bacon drippings in saucepan; add flour, boiling water, Worcestershire, bottled meat sauce and garlic salt. Stir till blended. Cover tightly; cook slowly till tender—about 1 hr. Add onion, potatoes, carrot, covered, about 10 min., or till vegetables are tender but still crisp. Chill till needed next night.

Next night: Place your top-stove oven over medium-high heat. Remove chilled meat and vegetables from refrigerator; reheat. Meanwhile, make top crust, using 1/3 pkg. piecrust mix and water as directed on package. When meat mixture is hot, add peas; pour into 1-qt casserole. Prick top of crust with fork, and arrange on top of casserole. Trim to fit casserole, then press tightly to it. When heat indicator on top-stove oven points to 4 (about 400 F.), place meat pie in oven. Bake 20 to 30 min., or until golden-brown on top. Makes 2 generous servings.

Pickles Add Zest To Picnics

MEMORIAL Day is just around the corner . . . and that means a picnic to most families. But when the holiday falls in the middle of the week, as it does this year, the idea of taking a long jaunt into the country and getting tied up in traffic doesn't present a very happy picture.

But with very little effort, it is possible to have just as much picnic fun at home . . . right in your own backyard, terrace or porch. All you need is the spirit of the thing and good hearty picnic food. To make things easier for yourself, plan a simple meal that requires no cooking. Cold cuts, rye bread and a big hearty salad like Cole Slaw Pickle Salad chock full of crisp pickle slices, blue cheese and tomato wedges make a perfect combination. And be sure to include

an extra jar of sweet or dill pickles . . . without which no picnic is ever perfect.

Cole Slaw Pickle Salad (Makes 6-8 servings)

- 4 cups shredded raw cabbage
- 1 medium onion, thinly sliced
- 2 dill pickles, thinly sliced
- 3 ounces blue cheese, crumbled
- 2 medium tomatoes
- 1 cup French dressing

Place cabbage in a large bowl. Add onion, pickles and cheese. Peel and cut tomatoes into 1/2 inch wedges; add to salad. Add French dressing and toss lightly.

Roast Easily Prepared

RUMP roast is easy to cook, easy to carve and downright wonderful to eat. Let's go western and use a California recipe.

Western Pot Roast

Three-to-four-pound rump roast, 2 onions, ½ pound prunes and apricots, ½ teaspoon each cloves, nutmeg and allspice, salt, pepper, vinegar and water.

Flour meat and brown slowly on all sides in a little hot fat. Season with salt and pepper. Add spices, sliced onions and ¼ cup vinegar diluted with ¼ cup water. Reduce heat, cover, and cook gently until tender, 3 to 4 hours. Add more water and a little more vinegar, as necessary. One hour before end of cooking time, add prunes and apricots which have been soaked one hour in warm water.

Speaking of California, here's one of that state's best lemon meringue pie recipes:

California Lemon Meringue Pie

Bring to a boil in saucepan on

direct heat: one cup water or milk, ¾ cup sugar, ¼ teaspoon salt, 1 teaspoon grated lemon peel. Add: five tablespoons cornstarch, blended with ½ cup cold water. Cook over low heat until thickened (about 5 minutes), stirring constantly. Take from heat. Add separately, mixing well each time: two well-beaten egg yolks, 1 tablespoon butter, 6 tablespoons lemon juice. Pour into an 8-inch baked pie shell. Top with meringue, sealing to edge of crust. Brown.

Meringue

For meringue, add gradually: four tablespoons sugar to 2 egg whites, beaten until frothy. Continue beating. Beat only until egg holds its shape in peaks. To make meringue tender, fold in 1 teaspoon lemon juice. Cover pie. Brown in moderate oven (325 degrees F.) for about 15 minutes. For deeper meringue or larger pie, use 3 egg whites, 6 tablespoons sugar.

CHEESE DREAMS... Yummy with ham, pickle.

Please Pass the Pickles

By CECILY BROWNSTONE
Associated Press Food Editor

GRILLED cheese and ham sandwiches are good—but grilled cheese and ham sandwiches with crisp rings of pickle are even better. Eat these sandwiches for a luncheon dish or a midnight snack, or eat them in honor of National Pickle Week (from May 18 to May 27—the weeks are getting longer this year) . . . they're delicious any time. Serve grilled or just plain sliced tomatoes with the sandwiches—tomatoes have an affinity for ham and cheese. Here's a recipe for the spread for the open-faced sandwiches you can make ahead of time and use at the last minute.

Ham and Pickle Cheese Dreams

Ingredients: One tablespoon butter or margarine, 1 teaspoon finely grated onion, 1 tablespoon flour, ½ cup light cream, 1 cup grated American cheese, 1 egg (slightly beaten), 1 teaspoon Worcestershire sauce, 2 three-ounce cans deviled ham, 2 tablespoons light cream, 6 slices bread, 12 crosswise slices of large dill pickles.

Method: Melt butter or margarine in top of double boiler over hot water, stir in onion and flour. Gradually add ½ cup light cream and cook, stirring constantly, until mixture thickens. Remove from heat; stir in cheese, egg and Worcestershire sauce. Cook, stirring constantly, until cheese melts. Cool. Blend ham with 2 tablespoons light cream. Toast bread on one side; spread untoasted side with part of ham mixture. Top each with a slice of dill pickle. Spread cheese sauce over ham mixture and top with remaining pickle slices. Bake in moderate (350 F.) oven 20 minutes or until lightly browned.

and top with remaining pickle slices. Bake in a moderate (350 F.) oven 20 minutes or until lightly browned.

Have you discovered all the dishes sweet pickle relish tastes good in? I like it in tuna and salmon sandwiches; it's good, too, in a cream cheese spread. And it's wonderful in the stuffing for a whole baked fish—my mother always added some to her rich buttery crumbly fish dressing. And was that good!

And a little sweet pickle relish to hard-cooked eggs, if you like, next time you stuff them. It peeps them up. The relish is also a help in varying mayonnaise—just mix a little chili sauce and relish with the salad dressing. Another relish trick is to add a few tablespoons to curry sauce—particularly good in lamb curry. And of course tartar sauce for seafood just wouldn't be right without it.

Make sandwiches from finger rolls sometimes. Split the rolls, then butter and toast the cut sides. Spread the sandwich filling on the bottom half of each roll. Then add the roll top.

ONLY THE BEST INGREDIENTS ARE USED IN

FLAKO
PIE CRUST MIX

Flako contains the same ingredients—of the same fine quality—that you use—flour, baking powder, shortening and salt. But precision-mixed for your convenience and to assure perfect results always.

Good For Nibbling

Scotch Shortbread

½ pound (1 c) butter
¾ c Confectioners' sugar
2½ c sifted enriched flour (not cake flour)

Cream Confectioners' sugar (XXXX) with butter, which is soft but not oily, until the mixture is light. Add sifted flour. Use electric mixer at low speed. Spread a layer one-third inch thick in a square or oblong pan. Prick surface of dough, using sharp fork tines. Bake in a 315-degree oven 30 minutes. Cut into fingers 1 inch by 8 inches when taken from the oven.

Butterscotch Brownies

1 c light brown sugar
1/3 c butter or margarine
1 egg
¾ c (scant) flour
1 t baking powder
¼ t salt
1 c coarsely broken nut meats
½ t vanilla

Melt butter over low fire. Add sugar and cook until lightly browned. Cool the mixture. Then add unbeaten egg and beat well. Sift, measure flour. Add baking powder and salt. Sift and add to the first mixture. Stir in nut meats and vanilla. Pour into greased square baking pan. Bake for 25 to 30 minutes in a 325-degree oven. Cut in squares soon after taking from the oven.

Kipfel Cookies

Cream together one cup of butter, one teaspoon of vanilla, one-half teaspoon salt and one-third cup of confectioner's sugar. Stir in gradually two cups of sifted flour.

Add one cup of finely chopped pecans.

Roll the dough into two-and-one-half inch in thickness, on waxed paper. Form into crescent shapes. Bake on ungreased cookie sheets at 400 degrees for 10 to 15 minutes. Dust with powdered sugar while still warm.

Peanut Butter Rounds

Ingredients: 1½ cups sifted all-purpose flour, 1 teaspoon baking powder, ½ teaspoon baking soda, ½ teaspoon salt, ½ cup shortening, ½ cup peanut butter, 2 teaspoons grated orange rind, ½ cup brown sugar (firmly packed), ½ cup granulated sugar, 1 egg, ½ cup finely-cut raisins.

Method: Sift together the flour, baking powder, baking soda, and salt. Cream the shortening with peanut butter and orange rind; add brown and granulated sugar and cream well. Beat in egg and add raisins. Mix in dry ingredients until blended. Pinch off small pieces and roll to make small balls; place on greased baking sheet and press flat with tines of a fork. Bake in moderate (350 F.) oven for 12 to 15 minutes.

Salmon Loaf With Curry Sauce

Ingredients: 1 one-pound can salmon, milk, 1½ cups rolled oats, 2 eggs, ¼ cup finely chopped celery, 2 tablespoons minced parsley, 2 tablespoons grated onion, 1 tablespoon lemon juice, 1 teaspoon salt, ¼ teaspoon ta-

basco sauce, ¼ teaspoon dry mustard, ½ teaspoon curry powder. Method: Drain salmon. Add milk to salmon liquid to make 1 cup. Break salmon into flakes; mix in remaining ingredients. Pack into greased loaf pan, with waxed paper in bottom of pan. Bake in a moderate oven (350 F.) oven about 45 minutes. Serve with curry sauce made by adding 2 teaspoons curry powder to 2 cups cream sauce. Makes 6 to 8 servings.

For Saturday Night Supper

WHEN it comes to Saturday night suppers there's nothing like good old Boston beans 'n brown bread. For a perfect accompaniment and one which cuts the molasses flavor serve a side dish of cross cut sweet pickles or whole sweet pickles. Or, for a special treat and a heartier meal serve Pickle Filled Ham Rolls.

Pickled Filled Ham Rolls
(Makes 12 ham rolls)
1 4-½ once can liver pate
2 T mayonnaise
2 T prepared mustard
¼ t salt
6 slices boiled ham, ½ in. thick
2 large kosher style pickles
Combine liver pate, mayonnaise, mustard and salt; blend

well. Spread each ham slice with part of liver mixture. Cut pickles in quarters length-wise and place a slice on end of each slice of ham. Roll each one up cross-wise starting from pickle end. Secure with toothpicks. Chill thoroughly.

Save orange halves after juice has been squeezed out and pack them with mashed sweet potatoes for a luncheon or dinner dish. Season the potatoes with salt, butter or margarine, and a little brown sugar or maple syrup. Heat in a moderate oven.

When the younger set wants a milk shake beat an egg, add three tablespoons of strained peaches, two tablespoons of orange juice and a cup of cold milk, and mix well. This will make enough for two small-fry appetites.

The Modern Farm

Ohio Agricultural Station
To Sell 2 Experiment Farms

COLUMBUS, May 18—(AP)—Two county experimental farms operated by the Ohio Agricultural Experiment Station for 39 years will be sold next autumn to the highest bidder.

Dean Leo L. Rummell of Ohio State University's College of Agriculture, a director of the experiment station, said the state will sell the experimental farms in Clermont and Miami counties. Both have been in existence since 1911.

Money from the sales will be turned over to the counties to be used for school purposes.

Dean Rummell said the two counties had appropriated only \$500 apiece to run the farms this year and that neither had spent anything for capital improvements.

County experimental farms were authorized under a law passed just 40 years ago. Their purpose was to "demonstrate the practical application under local conditions of the results of the investigations of the Ohio Agricultural Experiment Station," located at Wooster.

County commissioners are obligated to pay for all materials, labor and capital improvements, up to a maximum of \$2,000 a year. The state may not spend any money for maintaining the farms.

Dean Rummell said there are still nine county experimental farms and three district farms left. Some counties show a continued interest in the operation of their farms; others don't seem to care very much, he added.

During the past year, Dean Rummell said, the experiment station turned back to Paulding County an experimental farm located there because the county provided only \$250 a year to maintain it.

On the other hand, he declared, Mahoning, Trumbull, Belmont and Madison counties each spend the maximum \$2,000 a year, or close to it, and make capital improvements besides.

Dean Rummell said the \$2,000 maximum provided by the law passed in 1910 meant a great deal more then than it does today.

\$10,000 To Be Spent
On Canfield Fair Site

A total of \$10,000 will be spent for maintenance of buildings and grounds and improvements at the Canfield Fair Grounds this summer, the fair board announced.

Horticulture building—repairs to foundation, new floor, and rearranging exhibit space at an approximate cost of \$2500.

Changing former Exhibit building located north of Secretary's Office, to a Dining Hall at a cost of \$1200.

Remodeling former Pump House east of Arts building, and making it suitable for the Red Cross headquarters at a cost of \$1000.

Poultry building repairs—\$500. Exhibition hall—new floor, filling in for this floor and other changes at a cost of \$1200.

Former race horse barn near secretary's office to be changed to a combination pony barn and repair building at a cost of \$600.

The improvements are the result of a study and survey made by the Building and Grounds Committee to insure better utilization of the present buildings now on the grounds.

Another major improvement decided upon by the board was

to fill in the space west and south of the grandstand, making a grade to the hard-surface roadway in the Machinery Exhibit space. The estimated cost of this work will be over \$3000. It is hoped it can be completed prior to the Fair Opening.

A new roadway to be constructed, will be a road running east from the new 4-H building towards the Grandstand. It will form a division between the Farm Machinery Exhibits, and should enhance the looks and access to these exhibits.

Farm Work From Air
To Be Demonstrated

URBANA, May 18—Farm work from the air, a subject frequently discussed and sometimes predicted as the "future" for farmers, will be given a thorough test here this fall.

Ohio Flying Farmers have already underway part of their demonstration at the national plowing matches here Sept. 12 and 13. The remainder will take place during the two-day state and national conservation events.

The air-minded farmers, with the backing of the state Aviation Board and the Ohio State University's College of Agriculture, have already planted grass seed on the huge 10-farm site.

During the contest itself, aerial demonstrations are planned while farmers will also have the opportunity to check the results of the aerial seeding against the results obtained from more conventional methods.

During the summer, the Flying Farmers will also spray corn and alfalfa against borer and spittlebug infestations. Aerial seedings will be flanked by other plots where the grass seed was planted by tractor and cyclone seeder and with the conventional drill.

Alfalfa, red clover, and sweet clover were spread on three locations of the 2,000-acre contest site in the same proportions used under ordinary farm conditions.

Ohio State University's experimental airplane will be parked near headquarters to be inspected by interested farmers.

Gambling Evidence Held
Secret In Committee

WASHINGTON, May 18—(AP)—A Senate commerce subcommittee today clamped a tight lid on secret evidence involving the distribution of horse racing news used by bookmakers.

Chairman McFarland (D-Ariz.) said the information will not be disclosed until all testimony—including a list of race news distributors—becomes a part of the subcommittee's official records.

This development came as a special Senate committee was called together to discuss the first moves to be made in an investigation of organized crime and gambling.

Mr. Dustman proudly watches his Columbia sheep

AS LONG as they're champions in this area, according to Mr. Dustman, C. E. Moyer who farms just north of Dustman and a man near Warren have flocks.

For more than 20 years Mr. Dustman raised pure-bred Ayrshire cattle but is turning to the sheep because they require a lighter amount of handling. Mr. Dustman is proud of his flock which he started last winter.

While about 15 pounds of wool is sheared from an average sheep,

20 pounds of wool can be sheared from his two-year-old ram. His flock is now composed of the ram, seven three-year-old ewes and eight lambs, two to three months old. They are hornless and open-faced.

All the Columbias are registered. He will show the sheep at the Columbiana and Mahoning County fairs next fall.

There are only two other flocks

Champaign County Striving
To Break Corn Yield Record

URBANA, May 18—(AP)—Champaign County today is launched on a program aimed at breaking the world's record in the yield of corn per acre.

The elaborate plan took form Tuesday with the planting of two acres of hybrid corn on a Union Township farm—site of the national plowing contest set for Sept. 12-13.

The contest committee and the soil conservation field committee supervised the planting—expected to yield 300 bushels of corn per acre.

The present world's record is 224.2 bushels per acre established on an Illinois farm, according to members of the committee in charge of the program here. The average corn yield per acre in Ohio is 50 bushels.

The hybrid corn was planted on black muck land adjoining Buck Creek—a site that has never been touched by a plow in the memory of Champaign County officials. At the planting yesterday, three kernels of corn were placed in each hill. Each hill is 18 inches apart, with rows 40 inches apart. It is expected to produce between 24,000 and

26,000 stalks per acre. Ordinarily, the average planting yields between 10,000 and 12,000 stalks per acre.

Nothing is being overlooked by the committees in the try for a new world's record. Tons of fertilizer are on hand. The plan is to use about 3,500 pounds of fertilizer per acre in contrast to the 10 tons per acre used by the average farm.

The fertilizer is of various types. Weekly tests will be made of the soil to determine just what type is most needed at the time.

The fertilizer program was outlined for the committees by E. P. Reed, a former farm agent for Champaign County and now an associate professor of agronomy at Ohio State University's College of Agriculture.

The two acres will be cultivated in the usual manner—with a few flourishes, including a special irrigation system. "It's hardly practical," says Reed, "but I think we will make the 300 bushels."

One of the aims of the project is to attract the interest of farmers in Ohio and other states to the National Plowing Matches.

PENSION PLAN ANNOUNCED
AKRON, May 18—(AP)—A company-paid pension program for its 13,000 white collar employees has been announced by the Firestone Tire & Rubber Co. pensions will be at least \$100 a month, including Social Security benefits, for employees with 25 years service.

Schoolhouse Gone, Bonesville Grads To Have Reunion Anyway

By ELINOR CURRIER
REMEMBER the old Bonesville School? Well there will be a big reunion Memorial Day at the schoolhouse site a mile north of Midway Grange and also at the grange hall. The original Bonesville school dates back to pioneer days.

Former students of Bonesville with interested people from Salem and vicinity, Michigan, Pennsylvania, New York, Kentucky, Indiana and other states will meet at 10 a. m. May 30 in the first reunion since 1889, when the only other get-together was held.

George Patterson of Columbiana, president of the Bonesville School organization, Vernon Walters of Leetonia and Leo Nichols of Washingtonville, all students in the early 1900 period made the initial move for the reunion. Mrs. Willard Vaughn is secretary.

The site of the old frame school is on an abandoned road near

Unionville between Columbiana and Lisbon. The building, which last saw classes in 1916, was purchased by a farmer and eventually dismantled. But to this day the old Beech trees, in the yard where the pupils played for so many years, have borne their tell-tale initials.

During the all-day affair former teachers will give short talks and the time will be spent in reminiscing and singing. Old school

books, pictures and any mementos of years at Bonesville school will be brought to add interest to the day.

Anyone, aside from the more than 150 former students who have been contacted, who plan to attend and eat at noon at the cafeteria set up at Midway grange hall should inform any committee member or the food committee, headed by Mrs. Theron Caldwell of Leetonia.

Miss Mary Caldwell of Salem is official hostess of the day. Mr. Nichols, and Walter Caldwell, who lives near the grounds, will serve on the welcoming committee.

Transportation down the now

abandoned road to where the schoolhouse stood will be effected from Midway Grange by a tractor and hay wagon driven by Harvey Brubaker. The road is accessible from the east for car travel or people may walk from Unionville at the west.

Truman Pleased With 'Jefferson Papers'

WASHINGTON, May 18—(AP)—President Truman is so pleased with the idea of a really thorough publication of Thomas Jefferson's papers, he wants the

same thing done for other great Americans.

He told of his plans yesterday in accepting the first copy of Volume I of what is to be a 52-volume definitive edition of the Jefferson papers. It is a Princeton university project, financed in

part by The New York Times. "I hope that this edition of the writings of Thomas Jefferson will inspire educational institutions, learned societies, and civic-minded groups to plan the publication of the works of other national figures," Mr. Truman said.
